**January, 2019**

## **Following the Executive Order No.2 of 2018 issued by the Presidency**

1. **THAT** effective the **1<sup>st</sup> of July 2018**, all Public Procuring Entities shall maintain and continuously **update and publicize** (through the websites of the Public Procuring Entity, e-Citizen, Public Procurement Regulatory Authority platforms, public notice boards and/or official government publications):

- Full Particulars of the awarded Bidder (Supplier, Contractor or Consultant);
- Specification of goods and services, scope and schedule of works and contract value;
- Technical and financial capacity of the awarded bidder (Supplier, Contractor or Consultant) and summary of reasons for the award;
- Award Date and Contract Period;
- Current market price of the specific goods, works or service, as well as price guidelines as published by the Public Procurement Regulatory Authority with regard to that specific item (*where applicable*);

2. In furtherance to above, the list of the awarded suppliers/contracts/consultants shall include the following information:

- Name of Supplier
- Registration Details (ID/Registration/Incorporation Number
- PIN Number
- List of Directors, Shareholders and Beneficial Owners (in case of a company)
- Name of Proprietor (for sole Proprietor and Business name)
- Name of Partners (for Partnerships)
- Business Contacts Information (telephone and email address)
- Postal address
- Physical address
- Tax Compliance Status
- Business Permit/License Number
- County of operation

**In compliance to the executive order, the above details shall form part of mandatory requirement in the tender documents submitted**

## SECTION I INVITATION TO TENDER

The Company invites sealed tenders from eligible candidates for *Tender for Supply, Installation and commissioning of Automatic Fire Suppression Systems* whose specifications are detailed in the Tender Document.

Interested eligible candidates may obtain further information from and inspect the Tender Documents during official working hours starting at the date of advert at the office of:

Supply Chain Director

Tel: (254) (020) 3666000

Email: [tenders@kengen.co.ke](mailto:tenders@kengen.co.ke); [Wnyangweso@kengen.co.ke](mailto:Wnyangweso@kengen.co.ke)

where the tender document may be collected upon payment of a non-refundable fee of **KShs.1, 000.00** paid in cash or through a bankers cheque at any KenGen finance office. The document can also be viewed and downloaded from the website [www.kengen.co.ke](http://www.kengen.co.ke) and [www.suppliers.treasury.go.ke](http://www.suppliers.treasury.go.ke). Bidders who download the tender document from the website are **advised to forward their particulars to facilitate any subsequent tender clarifications and addenda**. Downloaded copies are free of charge.

Bidders are advised from time to time to be checking the website for any uploaded further information on this tender.

There shall be a **MANDATORY SITE VISIT** on **29th January 2019 Starting at 10.00AM**. Briefing shall be at **Olkaria I AU Conference Room from 10.15AM**. Thereafter, all in attendance shall proceed to all the target sites. Contractors who arrive later than this time shall miss opportunity to visit the sites and KenGen engineer(s) shall not be available for late visits. Contractors shall meet their cost for the site visit including KWS park entry fees.

Unless otherwise stated, tenders **MUST** be accompanied by a Tender securing Declaration in the format and amount specified in the tender documents and must be submitted in a plain sealed envelope and marked **“KGN-GDD-01-2019-TENDER FOR SUPPLY, INSTALLATION AND COMMISSIONING OF AUTOMATIC FIRE SUPPRESSION FOR OLKARIA I AU & IV POWER STATIONS”** and addressed to:

**Company Secretary & Legal Affairs Director  
Kenya Electricity Generating PLC  
10<sup>th</sup> Floor, KenGen Pension Plaza Phase II  
Kolobot Road, Parklands  
P O Box 47936 - 00100  
NAIROBI, KENYA**

On or before: **(20<sup>th</sup> February 2019 at 2.00 p.m.)**

Tenders will be opened on **(20<sup>th</sup> February 2019 at 2.30 p.m.)** In the presence of tenderers' representatives who choose to attend in the KenGen Pension Plaza 2, Tender Opening Room, Ground Floor. The company reserves the right to vary the quantities.

**SUPPLY CHAIN DIRECTOR**

## SECTION II

### INSTRUCTIONS TO TENDERERS

- 2.1.1 This Invitation for Tenders is open to all tenderers eligible as described in the Invitation to Tender. Successful tenderers shall complete the supply of goods by the intended completion date specified in the Schedule of Requirements (Section VI).
- 2.1.2 The procuring entity's employees, committee members, board members and their relative (spouse and children) are not eligible to participate in the tender.
- 2.1.3 Tenderers shall provide the qualification information statement that the tenderer (including all members of a joint venture and subcontractors) is not associated, or have been associated in the past, directly or indirectly, with a firm or any of its affiliates which have been engaged by the Procuring entity to provide consulting services for the preparation of the design, specifications, and other documents to be used for the procurement of the goods under this Invitation for tenders.
- 2.1.4 Tenderers shall not be under a declaration of ineligibility for corrupt and fraudulent practices.

#### 2.2 Eligible Goods

- 2.2.1 All goods to be supplied under the contract shall have their origin in eligible source countries.
- 2.2.2 For purposes of this clause, "origin" means the place where the goods are mined, grown, or produced. Goods are produced when, through manufacturing, processing, or substantial and major assembly of components, a commercially-recognized product results that is substantially different in basic characteristics or in purpose or utility from its components
- 2.2.3 The origin of goods is distinct from the nationality of the tenderer.

#### 2.3 Cost of Tendering

- 2.3.1 The Tenderer shall bear all costs associated with the preparation and submission of its tender, and the procuring entity, will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the tendering process.

2.3.2 The price to be charged for the tender document collected from the Procuring Entity shall not exceed Kshs.1,000/=. Downloaded copies are free of charge.

2.3.3 All firms found capable of performing the contract satisfactorily in accordance with the set prequalification criteria shall be prequalified.

## 2.4. The Tender Document

2.4.1 The tender document comprises the documents listed below and addenda issued in accordance with clause 2.6 of these instructions to Tenderers

- (i) Invitation to Tender
- (ii) Instructions to tenderers
- (iii) General Conditions of Contract
- (iv) Special Conditions of Contract
- (v) Schedule of requirements
- (vi) Technical Specifications
- (vii) Tender Form and Price Schedules
- (viii) Tender Security Form
- (ix) Contract Form
- (x) Performance Security Form
- (xi) Manufacturer's Authorization Form
- (xii) Confidential Business Questionnaire

2.4.2 The Tenderer is expected to examine all instructions, forms, terms, and specifications in the tender documents. Failure to furnish all information required by the tender documents or to submit a tender not substantially responsive to the tender documents in every respect will be at the tenderers risk and may result in the rejection of its tender.

## 2.5 Clarification of Documents

2.5.1 A prospective tenderer requiring any clarification of the tender document may notify the Procuring entity in writing or by post at the entity's address indicated in the Invitation to Tender. The Procuring entity will respond in writing to any request for clarification of the tender documents, which it receives not later than **seven (7) days prior to the deadline for the submission of tenders**, prescribed by the procuring entity. Written copies of the Procuring entities response (including an explanation of the query but without identifying the source of inquiry) will be sent to all prospective tenderers that have received the tender document.

2.5.2 The procuring entity shall reply to any clarifications sought by the tenderer **within 3 days** of receiving the request to enable the tenderer to make timely submission of its tender.

## 2.6 Amendment of Documents

2.6.1 **At any time prior** to the deadline for submission of tenders, the Procuring entity, for any reason, whether at its own initiative or in response to a clarification requested by a prospective tenderer, may modify the tender documents by amendment.

2.6.2 All prospective candidates that have received the tender documents will be notified of the amendment in email and will be binding on them.

2.6.3 In order to allow prospective tenderers reasonable time in which to take the amendment into account in preparing their tenders, the Procuring entity, at its discretion, may extend the deadline for the submission of tenders.

## 2.7 Language of Tender

2.7.1 The tender prepared by the tenderer, as well as all correspondence and documents relating to the tender exchange by the tenderer and the Procuring entity, shall be written in English language, provided that any printed literature furnished by the tenderer may be written in another language provided they are accompanied by an accurate English translation of the relevant passages in which case, for purposes of interpretation of the tender, the English translation shall govern.

## 2.8 Documents Comprising of Tender

2.8.1 The tender prepared by the tenderers shall comprise the following components:

- (a) a Tender Form and a Price Schedule completed in accordance with paragraph 2.9, 2.10 and 2.11 below
- (b) documentary evidence established in accordance with paragraph 2.1 that the tenderer is eligible to tender and is qualified to perform the contract if its tender is accepted;
- (c) documentary evidence established in accordance with paragraph 2.2 that the goods and ancillary services to be supplied by the tenderer are eligible goods and services and conform to the tender documents; and
- (d) tender security furnished in accordance with paragraph 2.14

## 2.9 Tender Forms

2.9.1 The tenderer shall complete the Tender Form and the appropriate Price Schedule furnished in the tender documents, indicating the goods to be supplied, a brief description of the goods, their country of origin, quantity, and prices.

## 2.10 **Tender Prices**

2.10.1 The tenderer shall indicate on the appropriate Price Schedule the unit prices and total tender price of the goods it proposes to supply under the contract

2.10.2 Prices indicated on the Price Schedule shall include all costs including taxes, insurances and delivery to the premises of the entity.

2.10.3 Prices quoted by the tenderer shall be fixed during the Tender's performance of the contract and not subject to variation on any account. A tender submitted with an adjustable price quotation will be treated as non-responsive and will be rejected, pursuant to paragraph 2.22

2.10.4 The validity period of the tender shall be **90 days after** the date of opening of the tender.

## 2.11 **Tender Currencies**

2.11.1 Prices shall be quoted in Kenya Shillings unless otherwise specified in the Appendix to Instructions to Tenderers.

## 2.12 **Tenderers Eligibility and Qualifications**

2.12.1 Pursuant to paragraph 2.1. the tenderer shall furnish, as part of its Tender, documents establishing the tenderers eligibility to tender and Its qualifications to perform the contract if its tender is accepted.

2.12.2 The documentary evidence of the tenderers eligibility to tender shall establish to the Procuring entity's satisfaction that the tenderer, at the time of submission of its tender, is from an eligible source country as defined under paragraph 2.1

2.12.3 The documentary evidence of the tenderers qualifications to perform the contract if its tender is accepted shall be established to the Procuring entity's satisfaction;

- (a) that, in the case of a tenderer offering to supply goods under the contract which the tenderer did not manufacture or otherwise

produce, the tenderer has been duly authorized by the goods' Manufacturer or producer to supply the goods.

- (b) that the tenderer has the financial, technical, and production capability necessary to perform the contract;
- (c) that, in the case of a tenderer not doing business within Kenya, the tenderer is or will be (if awarded the contract) represented by an Agent in Kenya equipped, and able to carry out the Tenderer's maintenance, repair, and spare parts-stocking obligations prescribed in the Conditions of Contract and/or Technical Specifications.

## **2.13 Goods Eligibility and Conformity to Tender Documents**

2.13.1 Pursuant to paragraph 2.2 of this section, the tenderer shall furnish, as part of its tender documents establishing the eligibility and conformity to the tender documents of all goods which the tenderer proposes to supply under the contract

2.13.2 The documentary evidence of the eligibility of the goods shall consist of a statement in the Price Schedule of the country of origin of the goods and services offered which shall be confirmed by a certificate of origin issued at the time of shipment.

2.13.3 The documentary evidence of conformity of the goods to the tender documents may be in the form of literature, drawings, and data, and shall consist of:

- (a) a detailed description of the essential technical and performance characteristic of the goods;
- (b) a list giving full particulars, including available source and current prices of spare parts, special tools, etc., necessary for the proper and continuing functioning of the goods for a period of two (2) years, following commencement of the use of the goods by the Procuring entity (*if applicable*); and
- (c) a clause-by-clause commentary on the Procuring entity's Technical Specifications demonstrating substantial responsiveness of the goods and service to those specifications, or a statement of deviations and exceptions to the provisions of the Technical Specifications.

2.13.4 For purposes of the documentary evidence to be furnished pursuant to paragraph 2.13.3(c) above, the tenderer shall note that standards for workmanship, material, and equipment, as well as references to brand names or catalogue numbers designated by the Procurement entity in its Technical Specifications, are intended to be descriptive only and not restrictive. The tenderer may substitute alternative standards, brand

names, and/or catalogue numbers in its tender, provided that it demonstrates to the Procurement entity's satisfaction that the substitutions ensure substantial equivalence to those designated in the Technical Specifications.

## **2.14 Tender Security**

2.14.1 The tenderer shall furnish, as part of its tender, a tender security for the amount specified in the Appendix to Invitation to Tenderers.

2.14.2 The tender security shall be in the amount Specified in the Appendix.

2.14.3 The tender security is required to protect the Procuring entity against the risk of Tenderer's conduct which would warrant the security's forfeiture, pursuant to paragraph 2.14.7

2.14.4 The tender security shall be denominated in Kenya Shillings or in another freely convertible currency, and shall be in the form of an on-demand bank guarantee issued by a reputable bank located in Kenya or where the bank is located abroad, it must have a local correspondent bank.

The Tender Security may also be in the form of an on-demand guarantee issued by a reputable insurance company approved by the Authority and in the form provided in the tender documents or another form acceptable to the Procuring entity.

The tender security must be valid for at least thirty (30) days beyond the validity of the tender.

2.14.5 Any tender not secured in accordance with paragraph 2.14.1 and 2.14.3 will be rejected by the Procuring entity as non responsive, pursuant to paragraph 2.22

2.14.6 Unsuccessful Tenderer's tender security will be discharged or returned as promptly as possible, but not later than thirty (30) days after the expiration of the period of tender validity prescribed by the Procuring entity.

2.14.7 The successful Tenderer's tender security will be discharged upon the tenderer signing the contract, pursuant to paragraph 2.27 and furnishing the performance security, pursuant to paragraph 2.28

2.14.8 The tender security may be forfeited:

- (a) if a tenderer withdraws its tender during the period of tender validity specified by the procuring entity on the Tender Form; or

- (b) in the case of a successful tenderer, if the tenderer fails:
  - (i) to sign the contract in accordance with paragraph 2.27
  - or
  - (ii) to furnish performance security in accordance with paragraph 2.28

## 2.15 Validity of Tenders

2.15.1 Tenders shall remain valid for **90 days after** the date of tender opening prescribed by the Procuring entity, pursuant to paragraph 2.18. A tender valid for a shorter period shall be rejected by the Procuring entity as non responsive.

2.15.2 In exceptional circumstances, the Procuring entity may solicit the Tenderer's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing. The tender security provided under paragraph 2.14 shall also be suitably extended. A tenderer may refuse the request without forfeiting its tender security. A tenderer granting the request will not be required nor permitted to modify its tender.

## 2.16 Format and Signing of Tender

2.16.1 The Tenderer shall prepare **two copies of the tender**, clearly marking each **"ORIGINAL TENDER"** and **"COPY OF TENDER,"** as appropriate. In the event of any discrepancy between them, the original shall govern.

**2.16.2** The original and all copies of the tender shall be typed or written in indelible ink and shall be signed by the tenderer or a person or persons duly authorized to bind the tenderer to the contract. **The latter authorization shall be indicated by written power-of-attorney accompanying the tender. All pages of the tender, except for un-amended printed literature, shall be initialed by the person or persons signing the tender.**

2.16.3 The tender shall have no interlineations, erasures, or overwriting except as necessary to correct errors made by the tenderer, in which case such corrections shall be initialed by the person or persons signing the tender.

## 2.17 Sealing and Marking of Tenders

2.17.1 The Tenderer shall seal the original and each copy of the tender in separate envelopes, duly marking the envelopes as “ORIGINAL” and “COPY.” The envelopes shall then be sealed in an outer envelope.

2.17.2 The inner and outer envelopes shall:

(a) be addressed to the Procuring entity at the address given in the Invitation to Tender:

(b) bear, tender number and name in the Invitation for Tenders and the words, “DO NOT OPEN BEFORE,” the **20<sup>th</sup> February 2019 at 2.00 p.m.)**

2.17.3 The inner envelopes shall also indicate the name and address of the tenderer to enable the tender to be returned unopened in case it is declared “late”.

2.17.4 If the outer envelope is not sealed and marked as required by paragraph 2.17.2, the Procuring entity will assume no responsibility for the tender’s misplacement or premature opening.

## 2.18 **Deadline for Submission of Tenders**

**2.18.1** Tenders must be received by the Procuring entity at the address specified under paragraph 2.17.2 no later than **(20<sup>th</sup> February 2019 at 2.00 p.m.)**

2.18.2 The Procuring entity may, at its discretion, extend this deadline for the submission of tenders by amending the tender documents in accordance with paragraph 2.6, in which case all rights and obligations of the Procuring entity and candidates previously subject to the deadline will therefore be subject to the deadline as extended

## 2.19 **Modification and Withdrawal of Tenders**

2.19.1 The tenderer may modify or withdraw its tender after the tender’s submission, provided that written notice of the modification, including substitution or withdrawal of the tenders, is received by the Procuring Entity prior to the deadline prescribed for submission of tenders.

2.19.2 The Tenderer’s modification or withdrawal notice shall be prepared, sealed, marked, and dispatched in accordance with the provisions of paragraph 2.17. A withdrawal notice may also be sent by cable, telex but followed by a signed confirmation copy, postmarked not later than the deadline for submission of tenders.

2.19.3 No tender may be modified after the deadline for submission of tenders.

2.19.4 No tender may be withdrawn in the interval between the deadline for submission of tenders and the expiration of the period of tender validity specified by the tenderer on the Tender Form. Withdrawal of a tender during this interval may result in the Tenderer's forfeiture of its tender security, pursuant to paragraph 2.14.7

2.19.5 The procuring entity may at any time terminate procurement proceedings before contract award and shall not be liable to any person for the termination.

2.19.6 The procuring entity shall give prompt notice of the termination to the tenderers and on request give its reasons for termination within 14 days of receiving the request from any tenderer.

## **2.20 Opening of Tenders**

2.20.1 The Procuring entity will open all tenders in the presence of tenderers' representatives who choose to attend, at **20<sup>th</sup> February 2019 at 2.30 p.m.** and in the location specified in the Invitation to Tender.

The tenderers' representatives who are present shall sign a register evidencing their attendance.

2.20.2 The tenderers' names, tender modifications or withdrawals, tender prices, discounts and the presence or absence of requisite tender security and such other details as the Procuring entity, at its discretion, may consider appropriate, will be announced at the opening.

2.20.3 The Procuring entity will prepare minutes of the tender opening.

## **2.21 Clarification of Tenders**

2.21.1 To assist in the examination, evaluation and comparison of tenders the Procuring entity may, at its discretion, ask the tenderer for a clarification of its tender. The request for clarification and the response shall be in writing, and no change in the prices or substance of the tender shall be sought, offered, or permitted.

2.21.2 Any effort by the tenderer to influence the Procuring entity in the Procuring entity's tender evaluation, tender comparison or contract award decisions may result in the rejection of the tenderers' tender.

## **2.22 Preliminary Examination**

- 2.22.1 The Procuring entity will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the tenders are generally in order.
- 2.22.2 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantify, the unit price shall prevail, and the total price shall be corrected. If the candidate does not accept the correction of the errors, its tender will be rejected, and its tender security forfeited. If there is a discrepancy between words and figures the amount in words will prevail
- 2.22.3 The Procuring entity may waive any minor informality or non-conformity or irregularity in a tender which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any tenderer.
- 2.22.4 Prior to the detailed evaluation, pursuant to paragraph 2.23 the Procuring entity will determine the substantial responsiveness of each tender to the tender documents. For purposes of these paragraphs, a substantially responsive tender is one, which conforms to all the terms and conditions of the tender documents without material deviations. The Procuring entity's determination of a tender's responsiveness is to be based on the contents of the tender itself without recourse to extrinsic evidence.
- 2.22.5 If a tender is not substantially responsive, it will be rejected by the Procuring entity and may not subsequently be made responsive by the tenderer by correction of the non conformity.

## **2.23 Conversion to Single Currency**

- 2.23.1 Where other currencies are used, the procuring entity will convert these currencies to Kenya Shillings using the selling exchange rate on the date of tender closing provided by the Central Bank of Kenya.

## **2.24 Evaluation and Comparison of Tenders**

- 2.24.1 The Procuring entity will evaluate and compare the tenders which have been determined to be substantially responsive, pursuant to paragraph 2.22
- 2.24.2 The tender evaluation committee shall evaluate the tender within 30 days of the validity period from the date of opening the tender.

2.24.3A tenderer who gives false information in the tender document about its qualification or who refuses to enter into a contract after notification of contract award shall be considered for debarment from participating in future public procurement.

## **2.25 Preference**

2.25.1 Preference where allowed in the evaluation of tenders shall not exceed 15%

## **2.26 Contacting the Procuring entity**

2.26.1 Subject to paragraph 2.21 no tenderer shall contact the Procuring entity on any matter related to its tender, from the time of the tender opening to the time the contract is awarded.

2.26.2 Any effort by a tenderer to influence the Procuring entity in its decisions on tender, evaluation, tender comparison, or contract award may result in the rejection of the Tenderer's tender.

## **2.27 Award of Contract**

### **(a) Post-qualification**

2.27.1 In the absence of pre-qualification, the Procuring entity will determine to its satisfaction whether the tenderer that is selected as having submitted the lowest evaluated responsive tender is qualified to perform the contract satisfactorily.

2.27.2 The determination will take into account the tenderer financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the tenderers qualifications submitted by the tenderer, pursuant to paragraph 2.12.3 as well as such other information as the Procuring entity deems necessary and appropriate.

2.27.3 A positive determination will be a prerequisite for award of the contract to the tenderer. A negative determination will result in rejection of the Tenderer's tender, in which event the Procuring entity will proceed to the next lowest evaluated tender to make a similar determination of that Tenderer's capabilities to perform satisfactorily.

### **(b) Award Criteria**

2.27.4 The Procuring entity will award the contract to the successful tenderer(s) whose tender has been determined to be substantially responsive and has been determined to be the lowest evaluated tender, provided further that

the tenderer is determined to be qualified to perform the contract satisfactorily.

(c) **Procuring entity's Right to Vary quantities**

2.27.5 The Procuring entity reserves the right at the time of contract award to increase or decrease the quantity of goods originally specified in the Schedule of requirements without any change in unit price or other terms and conditions

(d) **Procuring entity's Right to accept or Reject any or All Tenders**

2.27.6 The Procuring entity reserves the right to accept or reject any tender, and to annul the tendering process and reject all tenders at any time prior to contract award, without thereby incurring any liability to the affected tenderer or tenderers or any obligation to inform the affected tenderer or tenderers of the grounds for the Procuring entity's action

**2.28 Notification of Award**

2.28.1 Prior to the expiration of the period of tender validity, the Procuring entity will notify the successful tenderer in writing that its tender has been accepted.

2.28.2 The notification of award will constitute the formation of the Contract but will have to wait until the contract is finally signed by both parties

2.28.3 Upon the successful Tenderer's furnishing of the performance security pursuant to paragraph 2.28, the Procuring entity will promptly notify each unsuccessful Tenderer and will discharge its tender security, pursuant to paragraph 2.14

**2.29 Signing of Contract**

2.29.1 At the same time as the Procuring entity notifies the successful tenderer that its tender has been accepted, the Procuring entity will send the tenderer the Contract Form provided in the tender documents, incorporating all agreements between the parties.

2.29.2 The parties to the contract shall have it signed within **fifteen (15) days** from the date of notification of contract award unless there is an administrative review request.

2.29.3 Within **fifteen (15) days** of receipt of the Contract Form, the successful tenderer shall sign and date the contract and return it to the Procuring entity.

## **2.30 Performance Security**

2.30.1 Within **fifteen (15) days** of the receipt of notification of award from the Procuring entity, the successful tenderer shall furnish the performance security in accordance with the Conditions of Contract, in the Performance Security Form provided in the tender documents, or in another form acceptable to the Procuring entity.

2.30.2 Failure of the successful tenderer to comply with the requirements of paragraph 2.27 or paragraph 2.28 shall constitute sufficient grounds for the annulment of the award and forfeiture of the tender security, in which event the Procuring entity may make the award to the next lowest evaluated Candidate or call for new tenders.

## **2.31 Corrupt or Fraudulent Practices**

2.31.1 The Procuring entity requires that tenderers observe the highest standard of ethics during the procurement process and execution of contracts when used in the present regulations, the following terms are defined as follows;

- (i) “corrupt practice” means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and
- (ii) “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Procuring entity, and includes collusive practice among tenderer (prior to or after tender submission) designed to establish tender prices at artificial non-competitive levels and to deprive the Procuring entity of the benefits of free and open competition;

2.31.2 The procuring entity will reject a proposal for award if it determines that the tenderer recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question

## **Appendix to Instructions to Tenderers**

The following information regarding the particulars of the tender shall complement supplement or amend the provisions of the instructions to tenderers. Wherever there is a conflict between the provision of the instructions to

tenderers and the provisions of the appendix, the provisions of the appendix herein shall prevail over those of the instructions to tenderers

INSTRUCTIONS TO TENDERERS REFERENCE	PARTICULARS OF APPENDIX TO INSTRUCTIONS TO TENDERS

2.18.1	Tender closing date will be on <b>20<sup>th</sup> February 2019 at 2.00 p.m.</b> Tenders will be opened on <b>20<sup>th</sup> February 2019 at 2.30 p.m.</b>
2.22.2	<b>No Correction of Errors.</b> The tender sum as submitted and read out during the Tender Opening shall be absolute and final and shall not be the subject of correction, adjustment or amendment in any way or by any person or entity
2.24.4	The following shall be the evaluation Criteria  <b>A) Mandatory Evaluation Criteria</b> <i>The evaluation shall be based on <b>Pass</b> or <b>Fail</b> on the following requirements:-</i> <ul style="list-style-type: none"> <li>➤ Copy of certificate of Incorporation/Registration.</li> <li>➤ Duly filled, signed and stamped tender form.</li> <li>➤ Duly filled, signed and stamped price schedule.</li> <li>➤ Duly filled, signed and stamped Tender Securing Declaration Form valid for 150 days from tender closing date.</li> <li>➤ Duly filled, signed and stamped Mandatory business questionnaire.</li> <li>➤ Duly filled, signed, and stamped technical questionnaire.</li> <li>➤ Valid and current AGPO certificate for target group (<b>Youth</b>).</li> <li>➤ Valid Tax Compliance Certificate.</li> <li>➤ Valid Local Authority Business Permit.</li> <li>➤ Copy of CR12 Form to confirm directors and shareholding.</li> <li>➤ Delivery period offered shall be within <b>6 months</b> after contract signing.</li> <li>➤ <i>Registration with National Construction Authority of Kenya (<b>NCA6 and above</b>) in the category of fire engineering /mechanical.</i></li> <li>➤ <i>Manufacturer’s authorization certificate for Aragonite fire suppression system.</i></li> </ul>

	<ul style="list-style-type: none"> <li>➤ <i>Accreditation to install and commission VESDA-E range of aspirating smoke detectors.</i></li> <li>➤ <i>All items in the schedule must be quoted to be considered responsive.</i></li> </ul> <p><b><i>N/B The Executive order shall form part of the mandatory requirements.</i></b></p> <p><b>B) Technical Evaluation Requirements:</b></p> <ul style="list-style-type: none"> <li>➤ <i>Documentary evidence material datasheets and brochures.</i></li> <li>➤ <i>Compliance to specified technical specifications /drawings/standards of all components/mechanical/electrical works etc.</i></li> </ul> <p><b>C) Financial Evaluation</b></p> <ul style="list-style-type: none"> <li>➤ <i>Award shall be based on the total lowest evaluated price.</i></li> </ul>
2.27.7	KenGen may at its own discretion conduct due diligence on the eligible tenderers to establish their ability to perform the contract.

## **SECTION III:**

### **GENERAL CONDITIONS OF CONTRACT**

#### **3.1 Definitions**

3.1.1 In this Contract, the following terms shall be interpreted as indicated:-

- (a) “The Contract” means the agreement entered into between the Procuring entity and the tenderer, as recorded in the Contract Form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
- (b) “The Contract Price” means the price payable to the tenderer under the Contract for the full and proper performance of its contractual obligations
- (c) “The Goods” means all of the equipment, machinery, and/or other materials, which the tenderer is required to supply to the Procuring entity under the Contract.
- (d) “The Procuring entity” means the organization purchasing the Goods under this Contract.
- (e) “The Tenderer” means the individual or firm supplying the Goods under this Contract.

#### **3.2 Application**

3.2.1 These General Conditions shall apply in all Contracts made by the Procuring entity for the procurement installation and commissioning of equipment

#### **3.3 Country of Origin**

3.3.1 For purposes of this clause, “Origin” means the place where the Goods were mined, grown or produced.

3.3.2 The origin of Goods and Services is distinct from the nationality of the tenderer.

#### **3.4 Standards**

3.4.1 The Goods supplied under this Contract shall conform to the standards mentioned in the Technical Specifications.

### 3.5 Use of Contract Documents and Information

3.5.1 The tenderer shall not, without the Procuring entity's prior written consent, disclose the Contract, or any provision therefore, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the Procuring entity in connection therewith, to any person other than a person employed by the tenderer in the performance of the Contract.

3.5.2 The tenderer shall not, without the Procuring entity's prior written consent, make use of any document or information enumerated in paragraph 3.5.1 above

3.5.3 Any document, other than the Contract itself, enumerated in paragraph 3.5.1 shall remain the property of the Procuring entity and shall be returned (all copies) to the Procuring entity on completion of the Tenderer's performance under the Contract if so required by the Procuring entity

### 3.6 Patent Rights

3.6.1 The tenderer shall indemnify the Procuring entity against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the Goods or any part thereof in the Procuring entity's country

### 3.7 Performance Security

3.7.1 Within **fifteen (15) days** of receipt of the notification of Contract award, the successful tenderer shall furnish to the Procuring entity the performance security in the amount specified in Special Conditions of Contract.

3.7.2 The proceeds of the performance security shall be payable to the Procuring entity as compensation for any loss resulting from the Tenderer's failure to complete its obligations under the Contract.

3.7.3 The performance security shall be denominated in the currency of the Contract, or in a freely convertible currency acceptable to the Procuring entity and shall be in the form of a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in Kenya or abroad,

acceptable to the Procuring entity, in the form provided in the tender documents.

3.7.4 The performance security will be discharged by the Procuring entity and returned to the Candidate not later than thirty (30) days following the date of completion of the Tenderer's performance obligations under the Contract, including any warranty obligations, under the Contract

### **3.8 Inspection and Tests**

3.8.1 The Procuring entity or its representative shall have the right to inspect and/or to test the goods to confirm their conformity to the Contract specifications. The Procuring entity shall notify the tenderer in writing in a timely manner, of the identity of any representatives retained for these purposes.

3.8.2 The inspections and tests may be conducted in the premises of the tenderer or its subcontractor(s), at point of delivery, and/or at the Goods' final destination. If conducted on the premises of the tenderer or its subcontractor(s), all reasonable facilities and assistance, including access to drawings and production data, shall be furnished to the inspectors at no charge to the Procuring entity.

3.8.3 Should any inspected or tested goods fail to conform to the Specifications, the Procuring entity may reject the equipment, and the tenderer shall either replace the rejected equipment or make alterations necessary to make specification requirements free of costs to the Procuring entity.

3.8.4 The Procuring entity's right to inspect, test and where necessary, reject the goods after the Goods' arrival shall in no way be limited or waived by reason of the equipment having previously been inspected, tested and passed by the Procuring entity or its representative prior to the equipment delivery.

3.8.5 Nothing in paragraph 3.8 shall in any way release the tenderer from any warranty or other obligations under this Contract.

### **3.9 Packing**

3.9.1 The tenderer shall provide such packing of the Goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the Contract.

3.9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the Contract

### **3.10 Delivery and Documents**

3.10.1 Delivery of the Goods shall be made by the tenderer in accordance with the terms specified by Procuring entity in its Schedule of Requirements and the Special Conditions of Contract

### **3.11 Insurance**

3.11.1 The Goods supplied under the Contract shall be fully insured against loss or damage incidental to manufacturer or acquisition, transportation, storage, and delivery in the manner specified in the Special conditions of contract.

### **3.12 Payment**

3.12.1 The method and conditions of payment to be made to the tenderer under this Contract shall be specified in Special Conditions of Contract

3.12.2 Payments shall be made promptly by the Procuring entity as specified in the contract

### **3.13 Prices**

3.13.1 Prices charged by the tenderer for goods delivered and services performed under the Contract shall not, with the exception of any price adjustments authorized in Special Conditions of Contract, vary from the prices by the tenderer in its tender.

3.13.2 Contract price variations shall not be allowed for contracts not exceeding one year (12 months)

3.13.3 Where contract price variation is allowed, the variation shall not exceed 25% of the original contract price.

3.13.4 Price variation request shall be processed by the procuring entity within 30 days of receiving the request.

### **3.14. Assignment**

3.14.1 The tenderer shall not assign, in whole or in part, its obligations to perform under this Contract, except with the Procuring entity's prior written consent

### **3.15 Subcontracts**

3.15.1 The tenderer shall notify the Procuring entity in writing of all subcontracts awarded under this Contract if not already specified in the tender. Such notification, in the original tender or later, shall not relieve the tenderer from any liability or obligation under the Contract

### **3.16 Termination for default**

3.16.1 The Procuring entity may, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the tenderer, terminate this Contract in whole or in part

- (a) if the tenderer fails to deliver any or all of the goods within the period(s) specified in the Contract, or within any extension thereof granted by the Procuring entity
- (b) if the tenderer fails to perform any other obligation(s) under the Contract
- (c) if the tenderer, in the judgment of the Procuring entity has engaged in corrupt or fraudulent practices in competing for or in executing the Contract

3.16.2 In the event the Procuring entity terminates the Contract in whole or in part, it may procure, upon such terms and in such manner as it deems appropriate, equipment similar to those undelivered, and the tenderer shall be liable to the Procuring entity for any excess costs for such similar goods.

### **3.17 Liquidated Damages**

3.17.1. If the tenderer fails to deliver any or all of the goods within the period(s) specified in the contract, the procuring entity shall, without prejudice to its other remedies under the contract, deduct from the contract prices liquidated damages sum equivalent to 0.5% of the delivered price of the delayed items up to a maximum deduction of 10% of the delayed goods. After this the tenderer may consider termination of the contract.

### **3.18 Resolution of Disputes**

3.18.1 The procuring entity and the tenderer shall make every effort to resolve amicably by direct informal negotiation and disagreement or dispute arising between them under or in connection with the contract

3.18.2 If, after thirty (30) days from the commencement of such informal negotiations both parties have been unable to resolve amicably a contract dispute, either party may require adjudication in an agreed national or international forum, and/or international arbitration.

### **3.19 Language and Law**

3.19.1 The language of the contract and the law governing the contract shall be English language and the Laws of Kenya respectively unless otherwise stated.

### **3.20 Force Majeure**

3.20.1 The tenderer shall not be liable for forfeiture of its performance security or termination for default if and to the extent that it's delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

### **3.21 Taxes**

3.21.1 "**Taxes**" means all present and future taxes, levies, duties, charges, assessments, deductions or withholdings whatsoever, including any interest thereon, and any penalties and fines with respect thereto, wherever imposed, levied, collected, or withheld pursuant to any regulation having the force of law and "Taxation" shall be construed accordingly.

#### **3.21.2 Local Taxation**

Nothing in the Contract shall relieve the Contractor and/or his Sub-Contractors from their responsibility to pay any taxes, statutory contributions and levies that may be levied on them in Kenya in respect of the Contract. The Contract Price shall include all applicable taxes and shall not be adjusted for any of these taxes.

3.21.3 The Contractor shall be deemed to be familiar with the tax laws in the Employer's Country and satisfied themselves with the requirements for all taxes, statutory contributions and duties to which they may be subjected during the term of the Contract.

3.21.4 In instances where discussions are held between the Employer and the Contractor regarding tax matters, this shall not be deemed to constitute competent advice and hence does not absolve the Contractor of their responsibility in relation to due diligence on the tax issue as per 3.21.2 above.

### **Tax Deduction**

3.21.5 If the Employer is required to make a tax deduction by Law, then the deduction shall be made from payments due to the Contractor and paid directly to the Kenya Revenue Authority. The Employer shall upon remitting the tax to Kenya Revenue Authority furnish the Contractor with the relevant tax deduction certificates.

3.21.6 Where the Contractor is paid directly by the Financiers and the Employer is not able to deduct tax, then the Contractor will be required to pay the tax deduction to Kenya Revenue Authority in the name of the Employer and furnish the Employer with an original receipt thereof as evidence of such payment. In absence of the said evidence, the Employer will not process any subsequent payments to the Contractor.

### **Tax Indemnity**

3.21.7 The Contractor shall indemnify and hold the Employer harmless from and against any and all liabilities, which the Employer may incur for any reason of failure by the Contractor to comply with any tax laws arising from the execution of the Contract whether during the term of the Contract or after its expiry.

3.21.8 The Contractor warrants to pay the Employer (within fourteen (14) days of demand by the Employer), an amount equal to the loss, liability or cost which the Employer determines has been (directly or indirectly) suffered by the Employer for or on account of the Contractor's Tax liability arising from the Contract.

3.21.9 Where the amount in 3.21.8 above remains unpaid after the end of the fourteen (14) days moratorium, the Employer shall be entitled to compensation for financing charges.

## SECTION IV

### SPECIAL CONDITIONS OF CONTRACT

- 4.1. Special Conditions of Contract shall supplement the General Conditions of Contract. Whenever there is a conflict, between the GCC and the SCC, the provisions of the SCC herein shall prevail over these in the GCC.
42. Special conditions of contract as relates to the GCC

REFERENCE OF GCC	SPECIAL CONDITIONS OF CONTRACT
3.7.1	The Performance Security shall be in the amount of <b>1% of the total Contract Price.</b>
3.7.4	<i>The supplier shall be required to expressly confirm that the goods supplied shall be under 18month's warranty.</i>
3.8	<b>Inspection and tests</b>  All consignments subject to Pre-Export Verification of Conformity (PVoC) to Standards Programme must obtain a Certificate of Conformity (CoC) issued by PvoC Country Offices Prior to shipment. The Certificate is a mandatory Customs Clearance document in Kenya; Consignments arriving at Kenyan Ports without this document will be denied entry into the Country. Since PVoC is a conformity assessment process to verify that products imported to Kenya are in compliance with the applicable Kenya standards or approved equivalents, regulations and technical requirements before shipment, it is the sole responsibility of the supplier (i.e. exporter) to demonstrate the same and hence meet any associated costs of verification.  Inspection reports or certificates for the Goods shall be provided during delivery. These shall also include material test reports and hydrostatic/pneumatic pressure test reports.
3.10	The goods shall be delivered within <b>6 months</b> after the date of contract award.
3.12	A warranty certificate must be provided with the Goods. The warranty period must be at least <b>12 months</b> from date of acceptance of the Goods.
3.12.3	Payments shall be made within 30 days after receipt of certified invoices and delivery notes confirming that the invoiced material has been delivered and is in accordance with the Contract. <ul style="list-style-type: none"><li>• No advance payment will be made under this contract.</li></ul>
3.13	Prices shall be fixed during the Tenderer's performance of the

	Contract and not subject to variation on any account.
3.18.2	Arbitration where necessary shall be by the Chartered Institute of Arbitrators Kenya Chapter or other International body.

**Warranty**

- *A warranty certificate must be provided with the equipment. The warranty Period shall be at least 12 months from the date of delivery of the equipment. The period for correction of defects in the warranty period is 30 days.*

## SECTION V

### TECHNICAL SPECIFICATIONS

#### PART I

#### GENERAL INFORMATION AND REQUIREMENTS

##### 1.0 CONTRACTOR'S RESPONSIBILITIES

###### I. RESPONSIBILITIES

- a) Rigid adherence to the tender specifications. Unless deviations are specifically authorized in writing by KenGen.
- b) Quality of material, workmanship and apparatus comprising the complete work, shall be in accordance with the specifications and good practice.
- c) The safety and protection of equipment and materials required for the work.
- d) The adaptability of all materials to the requirements.

###### II. SOLE RISK

The work shall be at the sole risk of the Contractor against loss or damage thereto up to and including the date of delivery to the delivery point. It shall in no way be implied or inferred that this arrangement limits the Contractor's responsibility in respect to the materials supplied, workmanship and performance of the work.

##### 2.0 ACCOMMODATION & TRANSPORT FOR CONTRACTOR'S EMPLOYEES

Accommodation and transport during the installation and commissioning work for the Tenderer's employees shall be the responsibility of the Tenderer.

## PART II

### **DESCRIPTION AND TECHNICAL SPECIFICATIONS FOR IMPROVEMENT OF AUTOMATIC FIRE SUPPRESSION SYSTEM FOR OLKARIA I AU & IV POWER STATIONS**

#### **1.0: LOCATION OF THE SITE**

The works shall be carried out at Olkaria I AU & IV Power Stations located in Hell's Gate National Park and which lies approximately, 130km, by road northwest of Nairobi.

#### **2.0: SCOPE OF WORKS**

The following works shall be carried out in both Olkaria I AU & IV Power stations:

**2.0.1:** Supply, installation, testing and commissioning of in-cabinet Argonite fire suppression system in the switchgear rooms of both power station and fire station; integration of the fire detection and suppression system in both switchgear rooms.

**2.0.2:** Extension of the fire suppression network in the control room and remote control room to cover the server panels, paging panels, main switch panels, generator circuit breakers and other unprotected cabinets; integration of the detection and suppression system; refiling of empty Argonite cylinders at the control room and replacement of the slave cylinder at remote control room; supply of five pairs of full standby Argonite cylinders (a pair of cylinder to comprise of a slave and master cylinder complete with all accessories).

**2.0.3:** Supply, installation, testing and commissioning of in-cabinet VESDA-E fire detection and Argonite fire suppression system in the control panels of HVAC systems of the power station and fire station.

**2.0.4:** Upgrading of the existing repeater panels of the VESDA-E system in the whole plant; this involves fitting the panels with the programmer cards, replacement of the expired filters and clearance of false alarms.

**2.0.5:** Painting of the whole fire system with a red epoxy paint that will withstand the corrosive environment of Hydrogen Sulphide gas.

**2.0.6:** The scope of work in addition, shall also include preparation of all the documentation required, training of Client's representatives and supply of the essential spare parts (for use after 3-year warranty period) as detailed in this tender document.

**2.0.7:** Comprehensive warranty for all components of the installed systems for a period of three years and routine maintenance of the equipment during the warranty period.

#### **3.0: APPLICABLE REFERENCE CODES, STANDARDS & PUBLICATIONS**

The design, equipment installation, testing and maintenance of the firefighting system shall be in compliance and in accordance with the applicable requirements set forth in the latest edition of the following codes, standards, and third party approval agencies:

- (i) National Fire Protection Association (NFPA) Standards:
  - i. NFPA 2001 Clean Agent Fire Extinguishing Systems
  - ii. NFPA 70 National Electric Code
  - iii. NFPA 72 National Fire Alarm Code
  - iv. NFPA 75 Electronic Computer Systems
  - v. NFPA 76 Fire Protection for Telecommunications Systems

- (ii) Underwriters Laboratories
  - vi. UL Standard 2166
  - vii. UL Standard 521
- (iii) National Electrical Manufacturers Association (NEMA) Publication
- (iv) Enclosures for Industrial Controls and Systems
- (v) ISO 9001:2008 Quality Control Standards
- (vi) ISO 14001:2004 Environment Management Standards
- (vii) OSHA-2007 (Kenya)
- (viii) U.S. Environmental Protection Agency, Protection of Stratospheric Ozone 59 FR 13044 (SNAP) and Global Warming.
- (ix) Requirements of the Authority Having Jurisdiction (AHJ), State and Local codes in force at time of award of contract.

The standards listed, as well as all other applicable codes and standards shall be used as "Minimum" design standards. Best engineering practices shall also be considered.

#### **4.0 SPECIFIC REQUIREMENTS OF THE SYSTEMS**

**4.0.1:** The selection and installation of the automatic fire suppression system shall take into account the heat generating devices and operating temperatures in the plant. The system therefore, should be designed, selected and installed in such a manner that it shall be effective and safe all the times.

**4.0.2:** The automatic fire suppression system shall be made in accordance with the drawings, specifications and applicable standards. Should a conflict occur between the drawings and specifications, the specifications shall prevail.

**4.0.3:** All components shall be adequately rated/sized for their most onerous duty and environmental conditions at the various sites. All the design and flow calculations shall be submitted as specified.

**4.0.4:** Materials and equipment shall be from reputable manufacturer(s). Alternates will not be accepted. The name of the manufacturer and the serial numbers shall appear on all major components.

**4.0.5:** The Fire Suppression System materials and equipment shall be standard products of the supplier's latest design and suitable to perform the functions intended. When one or more pieces of equipment must perform the same function(s), they shall be duplicates produced by reputable manufacturer.

**4.0.6:** All equipment must carry approvals by a third party entity such as: UL, FM, CSIRO, LPCB, etc.

**4.0.7:** The proposed system shall be easy to operate and with low maintenance costs. The supplier shall give in details the recommended routine maintenance and restoration activities following a system operation.

**4.0.8:** The automatic firefighting system shall perform efficiently during tests and the applied epoxy paint shall withstand the corrosive environment of hydrogen sulphide gas.

#### **5.0 QUALITY ASSURANCE**

##### **5.0.1: MANUFACTURER**

- (i) The manufacturer of the automatic fire suppression system components shall have a minimum of 5 years' experience in the design and manufacture of similar types

of suppression systems.

- (ii) The name of the manufacturer, part numbers and serial numbers shall appear on all major components.
- (iii) All devices, components and equipment used in the improvement of the firefighting system shall be new, standard products of the manufacturer's latest design, compatible and suitable to perform the functions intended.

### **5.0.2: CONTRACTOR/INSTALLER**

- (i) The contractor's Engineers/Technicians shall be trained by the supplier to design, install, test and maintain the automatic fire suppression system.
- (ii) The contractor shall be an experienced firm regularly engaged in the installation of similar fire suppression systems in strict accordance with all applicable standards.
- (iii) The contractor or the supplier must have a minimum of five (5) years' experience in the design, installation and testing of similar fire suppression systems. **Evidence of successful completion of four (4) similar projects must be attached.**
- (iv) The contractor shall show proof of emergency services available on a twenty-four hour, seven-day-a-week basis.

### **5.0.3: SUBMITTALS**

The installing contractor shall submit the following design information and drawings for approval prior to starting work on this project:

- (i) Field installation layout drawings having a scale of not less than 1/8 in. or 1:100 detailing the location of all pipe runs, including pipe sizes and lengths, control /repeater panel(s), mimic boards, maintenance panels, door holders, special sealing requirements, and equipment shutdown.
- (ii) Layouts, or drawings, shall be provided for each mechanical and electrical work.
- (iii) Electrical layout drawings shall show the location of all devices and include point-to-point conduit runs etc.
- (iv) Provide an internal control panel wiring diagram which shall include power supply requirements and field wiring termination points.
- (v) Separate drawing providing symbol legend and identifying all symbols used.
- (vi) Annunciation wiring schematics and dimensioned display panel shall be provided.
- (vii) A complete sequence of operation shall be submitted detailing all shutdown functions, damper operation, time delay etc.
- (viii) Submit drawings, calculations, and system components sheets for approval to the local fire prevention agency, owner's insurance underwriter, and all other authorities having jurisdiction before starting installation.
- (ix) Submit approval plans to end user for recordkeeping purposes.

### **6.0: CONTROL SYSTEMS**

- (i) **Control Panel:** The control panel shall communicate with and or control the zones of fire in the identified areas. All alarm features shall be distinct. Each repeater panel must have an independent programmer.
- (ii) **Power Supply:** The power supply shall be integral to the control panel and provide all control panel and peripheral devices power need if required by the type of system installed.  
Input power shall be 240 VAC, 50 Hz. The power supply shall be designed to meet UL and NFPA requirements for power-limited operation on all notifications and

initiating circuits.

Positive-temperature-coefficient thermistors, circuit breakers, fuses, or other over-current protection shall be provided on all power outputs.

- (iii)**Mechanical design of Control Panel:** The control panel shall be housed in a cabinet designed for mounting directly to a wall or vertical surface. The back box and door shall be constructed of steel with provisions for electrical conduit connections into the sides and top. The door shall provide a key lock and include a glass or other transparent opening for viewing of all indicators.

## **7.0: SYSTEM COMMISSIONING AND ACCEPTANCE TESTS**

After the system installation have been completed, the entire system shall be checked out, inspected and functionally tested by the contractor in the presence of the agent of the procuring entity, in accordance with the manufacturer's recommended procedures.

The inspection shall include a full operational test of all components and the tests performed shall demonstrate that the entire control system functions as designed and intended.

The contractor shall submit a "Test Plan" describing procedures to be used to test the control system(s). The Test Plan shall include a step-by-step description of all tests to be performed and shall indicate the type and location of test apparatus to be employed. The tests shall demonstrate that the operational and installation requirements of this specification have been fully met.

All circuits shall be tested: automatic actuation, solenoid and manual actuation, power shutdowns, and manual override of abort functions. Supervision of all panel circuits, including AC power shall also be tested.

All system and equipment interlocks and annunciations, such as audible and visual devices, equipment shutdowns, etc. shall function as required and designed.

The control panel circuit shall be tested for trouble by inducing a trouble condition into the system.

All panels and distribution piping shall be checked for strength, proper mounting and installation. All electrical wiring shall be tested for proper connection, continuity and resistance to earth.

A functional test shall be completed consisting of release, accessories related to the system, control unit and a review of the piping, fittings and hangers.

A system commissioning and acceptance test report shall be submitted as part of the As-Built documentation.

All the tests shall be performed in the presence of the KenGen's representatives.

## **8.0: SYSTEM INSPECTION & MAINTENANCE**

- (i) During the warranty period, the successful bidder shall carry out routine maintenance of the system semi-annually. Maintenance shall be carried out by Technicians/ Engineers certified by the manufacturer of the installed system.

Maintenance shall entail the following tasks:

- a) Functional test of all Control Systems
- b) Actuator testing at pre-set operating condition(s)

- c) Compilation and submission of maintenance report. The report shall include, but not limited to the following: System location and size, Type of Control Panel used, Results of Inspection and Maintenance Procedures (Pass/Fail), record of any system defects discovered and record of any structural conditions in the protected hazard that have the potential to adversely affect system performance.
- (ii) The provided system Spare parts shall not be used by the supplier when maintaining the system during the 3-year warranty period. In the event a replacement of any part is required during the 3-year warranty period, it shall be at the cost of the supplier.

### **9.0: CLIENT TRAINING**

Prior to final acceptance, the installing contractor shall provide operational training in all concepts of the system to Client's staff. The Client shall determine and communicate to the supplier the number of staff to be trained in advance and shall provide training venue in close proximity to site. Each training session shall include system Control Panel operation, abort procedures, troubleshooting procedures, supervisory procedures, auxiliary functions, safety requirements and emergency procedures.

### **10.0: HAND-OVER DOCUMENTATION**

- (i) Prior to final acceptance, the contractor shall provide three (3) copies of operation and maintenance, and instruction manuals for the systems. All aspects of system operation and maintenance shall be detailed, including piping isometrics, wiring diagrams of all circuits, a written description of the system design, sequence of operation and drawing(s) illustrating control logic and equipment used in the system. Checklists and procedures for emergency situations, troubleshooting techniques, maintenance & operations and procedures shall be included in the manual.
- (ii) Three (3) copies of system "As-Built" drawings shall also be submitted. The drawings shall show actual installation details including all equipment locations (i.e.: control panel(s), room or facilities modifications as well as piping and conduit routing details.

### **11.0: WARRANTY**

- (i) The warranty period shall be three (3) year from the date of system acceptance.
- (ii) The Contractor warrants that goods supplied under the Contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials.
- (iii) All system components furnished under this contract shall be guaranteed against defect in design, material, and workmanship or from any act or omission of the Contractor for the full warranty time.
- (iv) In addition, the installing contractor must guarantee the system against false actuation due to faulty equipment, design or workmanship for the full warranty period.

### **12.0 COMPLIANCE TO TECHNICAL SPECIFICATIONS AND REQUIREMENTS**

The bidder shall confirm compliance to the Technical specifications and requirements of their offer as stipulated in the tender document.

**SECTION VI**  
**SCHEDULE OF REQUIREMENTS**

Item	Description	Statement of Compliance
<b>GENERAL INFORMATION &amp; APPLICABLE CODES, STANDARDS &amp; LOCAL REGULATIONS</b>		
<b>1.0</b>	Delivery point of goods and services, 1.0	
<b>2.0.</b>	Scope of works as defined in 2.0.2,2.0.3 & 2.0.4	
<b>3.0</b>	Applicable Reference Codes, Standards and Publications ( <i>attach evidence</i> )	
<b>4.0</b>	i) Registration with National Construction Authority in Fire Engineering/mechanical Category for Local suppliers or equivalent for overseas suppliers ( <i>Attach proof</i> ) ii)Accreditation to install and commission VESDA-E range of aspirating smoke detectors ( <i>Attach proof</i> )	
<b>4.0 SYSTEM SPECIFIC REQUIREMENTS</b>		
<b>4.0.1</b>	<b>Automatic fire suppression system:</b> Type, proposed mounting location (s) and principle of operation of the system ( <i>attach 1-page proposed system operation principle</i> ).	
<b>4.0.2</b>	<b>Proposed System Sizing:</b> Give details on the method (e.g. software name) to be used in sizing proposed system parts.	
<b>4.0.3</b>	<b>Proposed System Parts:</b> All major materials and equipment of the proposed system to be manufactured by reputable manufacturer(s) and serialized	
<b>4.0.4</b>	<b>Proposed Parts:</b> Parts/components to be supplied for fire suppression system shall be of standard design, suitable and compatible for the function and where duplicates are required, they shall be from a reputable manufacturer.	

<b>4.0.5</b>	<b>Reference Standards:</b> Provide Evidence of UL Listing and or FM Approvals.	
<b>4.0.6</b>	<b>Capability of the Proposed Fire Suppression System:</b> Give details on the system capability on handling fires. <i>(Please attach brochure-Mandatory)</i>	
<b>4.0.7</b>	<b>Proposed System Reliability to suppress fires:</b> Give details on the proposed system reliability in fire suppression.	
<b>4.0.08</b>	<b>Proposed System Maintenance:</b> Give details of what entails; <ul style="list-style-type: none"> <li>▪ routine maintenance</li> <li>▪ Parts that require periodic replacement..</li> </ul>	
<b>OTHER MANUFACTURER &amp; CONTRACTOR REQUIREMENTS</b>		
<b>5.0.: QUALITY ASSURANCE (5.0.1 and 5.0.2)</b>
