SUPPLY CHAIN DIRECTOR

SECTION II

INSTRUCTIONS TO TENDERERS

Table of Clauses

- 2.1 Eligible tenderers
- 2.2 Eligible goods
- 2.3 Cost of tendering
- 2.4 Contents of Tender document
- 2.5 Clarification of documents
- 2.6 Amendment of documents
- 2.7 Language of tender
- 2.8 Documents comprising the tender
- 2.9 Tender forms
- 2.10 Tender prices
- 2.11 Tender currencies
- 2.12 Tenderers eligibility and qualifications
- 2.13 Goods' eligibility and conformity to tender documents
- 2.14 Tender security
- 2.15 Validity of tenders
- 2.16 Format and signing of tenders
- 2.17 Sealing and marking of tenders
- 2.18 Deadline for submission of tender
- 2.19 Modification and withdrawal of tenders
- 2.20 Opening of tenders
- 2.21 Clarification of tenders
- 2.22 Preliminary examination
- 2.23 Conversion to single currency
- 2.24 Evaluation and comparison of tenders
- 2.25 Contacting the procuring entity
 - (a) Award of contract
 - (b) Post qualification
 - (c) Award criteria
 - (d) Procuring entity's right to vary quantities
 - (e) Procuring entity's right to accept or reject any or all tenders
- 2.26 Notification of award
- 2.27 Signing of contract

- 2.28 Performance security
- 2.29 Corrupt or fraudulent practices

2.1 **Eligible Tenderers**

- 2.1.1 This Invitation for Tenders is open to all tenderers eligible as described in the Invitation to Tender. Successful tenderers shall complete the supply of goods by the intended completion date specified in the Schedule of Requirements (Section VI).
- 2.1.2 The procuring entity's employees, committee members, board members and their relative (spouse and children) are not eligible to participate in the tender.
- 2.1.3 Tenderers shall provide the qualification information statement that the tenderer (including all members of a joint venture and subcontractors) is not associated, or have been associated in the past, directly or indirectly, with a firm or any of its affiliates which have been engaged by the Procuring entity to provide consulting services for the preparation of the design, specifications, and other documents to be used for the procurement of the goods under this Invitation for tenders.
- 2.1.4 Tenderers shall not be under a declaration of ineligibility for corrupt and fraudulent practices.

2.2 **Eligible Goods**

- 2.2.1 All goods to be supplied under the contract shall have their origin in eligible source countries.
- 2.2.2 For purposes of this clause, "origin" means the place where the goods are mined, grown, or produced. Goods are produced when, through manufacturing, processing, or substantial and major assembly of components, a commercially-recognized product results that is substantially different in basic characteristics or in purpose or utility from its components
- 2.2.3 The origin of goods is distinct from the nationality of the tenderer.

2.3 Cost of Tendering

2.3.1 The Tenderer shall bear all costs associated with the preparation and submission of its tender, and the procuring entity, will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the tendering process.

2.3.2 The price to be charged for the tender document collected from the Procuring Entity shall not exceed Kshs.1,000/= . Downloaded copies are free of charge.

2.3.3 All firms found capable of performing the contract satisfactorily in accordance with the set prequalification criteria shall be prequalified.

2.4. The Tender Document

2.4.1 The tender document comprises the documents listed below and addenda issued in accordance with clause 2.6 of these instructions to Tenderers

- (i) Invitation to Tender
- (ii) Instructions to tenderers
- (iii) General Conditions of Contract
- (iv) Special Conditions of Contract
- (v) Schedule of requirements
- (vi) Technical Specifications
- (vii) Tender Form and Price Schedules
- (viii) Tender Security Form
- (ix) Contract Form
- (x) Performance Security Form
- (xi) Manufacturer's Authorization Form
- (xii) Confidential Business Questionnaire

2.4.2 The Tenderer is expected to examine all instructions, forms, terms, and specifications in the tender documents. Failure to furnish all information required by the tender documents or to submit a tender not substantially responsive to the tender documents in every respect will be at the tenderers risk and may result in the rejection of its tender.

2.5 Clarification of Documents

2.5.1 A prospective tenderer requiring any clarification of the tender

document may notify the Procuring entity in writing or by post at the entity's address indicated in the Invitation to Tender. The Procuring entity will respond in writing to any request for clarification of the tender documents, which it receives not later than **seven (7) days prior to the deadline for the submission of tenders**, prescribed by the procuring entity. Written copies of the Procuring entities response (including an explanation of the query but without identifying the source of inquiry) will be sent to all prospective tenderers that have received the tender document.

2.5.2 The procuring entity shall reply to any clarifications sought by the tenderer **within 3 days** of receiving the request to enable the tenderer to make timely submission of its tender.

2.6 **Amendment of Documents**

2.6.1 **At any time prior** to the deadline for submission of tenders, the Procuring entity, for any reason, whether at its own initiative or in response to a clarification requested by a prospective tenderer, may modify the tender documents by amendment.

2.6.2 All prospective candidates that have received the tender documents will be notified of the amendment in email and will be binding on them.

2.6.3 In order to allow prospective tenderers reasonable time in which to take the amendment into account in preparing their tenders, the Procuring entity, at its discretion, may extend the deadline for the submission of tenders.

2.7 **Language of Tender**

2.7.1 The tender prepared by the tenderer, as well as all correspondence and documents relating to the tender exchange by the tenderer and the Procuring entity, shall be written in English language, provided that any printed literature furnished by the tenderer may be written in another language provided they are accompanied by an accurate English translation of the relevant passages in which case, for purposes of interpretation of the tender, the English translation shall govern.

2.8 **Documents Comprising of Tender**

2.8.1 The tender prepared by the tenderers shall comprise the following components:

- (a) a Tender Form and a Price Schedule completed in accordance with paragraph 2.9, 2.10 and 2.11 below
- (b) documentary evidence established in accordance with paragraph 2.1 that the tenderer is eligible to tender and is qualified to perform the contract if its tender is accepted;
- (c) documentary evidence established in accordance with paragraph 2.2 that the goods and ancillary services to be supplied by the tenderer are eligible goods and services and conform to the tender documents; and
- (d) tender security furnished in accordance with paragraph 2.14

2.9 Tender Forms

2.9.1 The tenderer shall complete the Tender Form and the appropriate Price Schedule furnished in the tender documents, indicating the goods to be supplied, a brief description of the goods, their country of origin, quantity, and prices.

2.10 Tender Prices

2.10.1 The tenderer shall indicate on the appropriate Price Schedule the unit prices and total tender price of the goods it proposes to supply under the contract

2.10.2 Prices indicated on the Price Schedule shall include all costs including taxes, insurances and delivery to the premises of the entity.

2.10.3 Prices quoted by the tenderer shall be fixed during the Tender's performance of the contract and not subject to variation on any account. A tender submitted with an adjustable price quotation will be treated as non-responsive and will be rejected, pursuant to paragraph 2.22

2.10.4 The validity period of the tender shall be **90 days** after the date of opening of the tender.

2.11 Tender Currencies

2.11.1 Prices shall be quoted in Kenya Shillings unless otherwise specified in the Appendix to Instructions to Tenderers.

2.12 Tenderers Eligibility and Qualifications

2.12.1 Pursuant to paragraph 2.1. the tenderer shall furnish, as part of its

- Tender, documents establishing the tenderers eligibility to tender and Its qualifications to perform the contract if its tender is accepted.
- 2.12.2 The documentary evidence of the tenderers eligibility to tender shall establish to the Procuring entity’s satisfaction that the tenderer, at the time of submission of its tender, is from an eligible source country as defined under paragraph 2.1
- 2.12.3 The documentary evidence of the tenderers qualifications to perform the contract if its tender is accepted shall be established to the Procuring entity’s satisfaction;
- (a) that, in the case of a tenderer offering to supply goods under the contract which the tenderer did not manufacture or otherwise produce, the tenderer has been duly authorized by the goods’ Manufacturer or producer to supply the goods.
 - (b) that the tenderer has the financial, technical, and production capability necessary to perform the contract;
 - (c) that, in the case of a tenderer not doing business within Kenya, the tenderer is or will be (if awarded the contract) represented by an Agent in Kenya equipped, and able to carry out the Tenderer’s maintenance, repair, and spare parts-stocking obligations prescribed in the Conditions of Contract and/or Technical Specifications.

2.13 Goods Eligibility and Conformity to Tender Documents

- 2.13.1 Pursuant to paragraph 2.2 of this section, the tenderer shall furnish, as part of its tender documents establishing the eligibility and conformity to the tender documents of all goods which the tenderer proposes to supply under the contract
- 2.13.2 The documentary evidence of the eligibility of the goods shall consist of a statement in the Price Schedule of the country of origin of the goods and services offered which shall be confirmed by a certificate of origin issued at the time of shipment.
- 2.13.3 The documentary evidence of conformity of the goods to the tender documents may be in the form of literature, drawings, and data, and shall consist of:
- (a) a detailed description of the essential technical and performance characteristic of the goods;

- (b) a list giving full particulars, including available source and current prices of spare parts, special tools, etc., necessary for the proper and continuing functioning of the goods for a period of two (2) years, following commencement of the use of the goods by the Procuring entity (*if applicable*); and
- (c) a clause-by-clause commentary on the Procuring entity's Technical Specifications demonstrating substantial responsiveness of the goods and service to those specifications, or a statement of deviations and exceptions to the provisions of the Technical Specifications.

2.13.4 For purposes of the documentary evidence to be furnished pursuant to paragraph 2.13.3(c) above, the tenderer shall note that standards for workmanship, material, and equipment, as well as references to brand names or catalogue numbers designated by the Procurement entity in its Technical Specifications, are intended to be descriptive only and not restrictive. The tenderer may substitute alternative standards, brand names, and/or catalogue numbers in its tender, provided that it demonstrates to the Procurement entity's satisfaction that the substitutions ensure substantial equivalence to those designated in the Technical Specifications.

2.14 Tender Security

2.14.1 The tenderer shall furnish, as part of its tender, a tender security for the amount specified in the Appendix to Invitation to Tenderers.

2.14.2 The tender security shall be in the amount of *(Specify the amount)*.

2.14.3 The tender security is required to protect the Procuring entity against the risk of Tenderer's conduct which would warrant the security's forfeiture, pursuant to paragraph 2.14.7

2.14.4 The tender security shall be denominated in Kenya Shillings or in another freely convertible currency, and shall be in the form of an on-demand bank guarantee issued by a reputable bank located in Kenya or where the bank is located abroad, it must have a local correspondent bank.

The Tender Security may also be in the form of an on-demand guarantee issued by a reputable insurance company approved by the Authority and in the form provided in the tender documents or another form acceptable to the Procuring entity.

The tender security must be valid for at least thirty (30) days beyond the validity of the tender.

2.14.5 Any tender not secured in accordance with paragraph 2.14.1 and 2.14.3 will be rejected by the Procuring entity as non responsive, pursuant to paragraph 2.22

2.14.6 Unsuccessful Tenderer's tender security will be discharged or returned as promptly as possible, but not later than thirty (30) days after the expiration of the period of tender validity prescribed by the Procuring entity.

2.14.7 The successful Tenderer's tender security will be discharged upon the tenderer signing the contract, pursuant to paragraph 2.27 and furnishing the performance security, pursuant to paragraph 2.28

2.14.8 The tender security may be forfeited:

(a) if a tenderer withdraws its tender during the period of tender validity specified by the procuring entity on the Tender Form; or

(b) in the case of a successful tenderer, if the tenderer fails:

(i) to sign the contract in accordance with paragraph 2.27

or

(ii) to furnish performance security in accordance with paragraph 2.28

2.15 **Validity of Tenders**

2.15.1 Tenders shall remain valid for **90 days after** the date of tender opening prescribed by the Procuring entity, pursuant to paragraph 2.18. A tender valid for a shorter period shall be rejected by the Procuring entity as non responsive.

2.15.2 In exceptional circumstances, the Procuring entity may solicit the Tenderer's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing. The tender security provided under paragraph 2.14 shall also be suitably extended. A tenderer may refuse the request without forfeiting its tender security. A tenderer granting the request will not be required nor permitted to modify its tender.

2.16 **Format and Signing of Tender**

2.16.1 The Tenderer shall prepare **two copies of the tender**, clearly marking each “ORIGINAL TENDER” and “COPY OF TENDER,” as appropriate. In the event of any discrepancy between them, the original shall govern.

2.16.2 The original and all copies of the tender shall be typed or written in indelible ink and shall be signed by the tenderer or a person or persons duly authorized to bind the tenderer to the contract. **The latter authorization shall be indicated by written power-of-attorney accompanying the tender. All pages of the tender, except for un-amended printed literature, shall be initialed by the person or persons signing the tender.**

2.16.3 The tender shall have no interlineations, erasures, or overwriting except as necessary to correct errors made by the tenderer, in which case such corrections shall be initialed by the person or persons signing the tender.

2.17 Sealing and Marking of Tenders

2.17.1 The Tenderer shall seal the original and each copy of the tender in separate envelopes, duly marking the envelopes as “ORIGINAL” and “COPY.” The envelopes shall then be sealed in an outer envelope.

2.17.2 The inner and outer envelopes shall:

(a) be addressed to the Procuring entity at the address given in the Invitation to Tender:

(b) bear, tender number and name in the Invitation for Tenders and the words, “DO NOT OPEN BEFORE, **15th May 2017 at 2.00PM**”

2.17.3 The inner envelopes shall also indicate the name and address of the tenderer to enable the tender to be returned unopened in case it is declared “late”.

2.17.4 If the outer envelope is not sealed and marked as required by paragraph 2.17.2, the Procuring entity will assume no responsibility for the tender’s misplacement or premature opening.

2.18 Deadline for Submission of Tenders

2.18.1 Tenders must be received by the Procuring entity at the address specified under paragraph 2.17.2 no later than **15th May 2017 at 2.00PM**

2.18.2 The Procuring entity may, at its discretion, extend this deadline for the submission of tenders by amending the tender documents in accordance with paragraph 2.6, in which case all rights and obligations of the Procuring

entity and candidates previously subject to the deadline will therefore be subject to the deadline as extended

2.19 Modification and Withdrawal of Tenders

2.19.1 The tenderer may modify or withdraw its tender after the tender's submission, provided that written notice of the modification, including substitution or withdrawal of the tenders, is received by the Procuring Entity prior to the deadline prescribed for submission of tenders.

2.19.2 The Tenderer's modification or withdrawal notice shall be prepared, sealed, marked, and dispatched in accordance with the provisions of paragraph 2.17. A withdrawal notice may also be sent by cable, telex but followed by a signed confirmation copy, postmarked not later than the deadline for submission of tenders.

2.19.3 No tender may be modified after the deadline for submission of tenders.

2.19.4 No tender may be withdrawn in the interval between the deadline for submission of tenders and the expiration of the period of tender validity specified by the tenderer on the Tender Form. Withdrawal of a tender during this interval may result in the Tenderer's forfeiture of its tender security, pursuant to paragraph 2.14.7

2.19.5 The procuring entity may at any time terminate procurement proceedings before contract award and shall not be liable to any person for the termination.

2.19.6 The procuring entity shall give prompt notice of the termination to the tenderers and on request give its reasons for termination within 14 days of receiving the request from any tenderer.

2.20 Opening of Tenders

2.20.1 The Procuring entity will open all tenders in the presence of tenderers' representatives who choose to attend, at **15th May 2017 at 2.30PM** and in the location specified in the Invitation to Tender.

The tenderers' representatives who are present shall sign a register evidencing their attendance.

2.20.2 The tenderers' names, tender modifications or withdrawals, tender prices, discounts and the presence or absence of requisite tender security and such

other details as the Procuring entity, at its discretion, may consider appropriate, will be announced at the opening.

2.20.3 The Procuring entity will prepare minutes of the tender opening.

2.21 Clarification of Tenders

2.21.1 To assist in the examination, evaluation and comparison of tenders the Procuring entity may, at its discretion, ask the tenderer for a clarification of its tender. The request for clarification and the response shall be in writing, and no change in the prices or substance of the tender shall be sought, offered, or permitted.

2.21.2 Any effort by the tenderer to influence the Procuring entity in the Procuring entity's tender evaluation, tender comparison or contract award decisions may result in the rejection of the tenderers' tender.

2.22 Preliminary Examination

2.22.1 The Procuring entity will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the tenders are generally in order.

2.22.2 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantify, the unit price shall prevail, and the total price shall be corrected. If the candidate does not accept the correction of the errors, its tender will be rejected, and its tender security forfeited. If there is a discrepancy between words and figures the amount in words will prevail

2.22.3 The Procuring entity may waive any minor informality or non-conformity or irregularity in a tender which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any tenderer.

2.22.4 Prior to the detailed evaluation, pursuant to paragraph 2.23 the Procuring entity will determine the substantial responsiveness of each tender to the tender documents. For purposes of these paragraphs, a substantially responsive tender is one, which conforms to all the terms and conditions of the tender documents without material deviations. The Procuring entity's

determination of a tender's responsiveness is to be based on the contents of the tender itself without recourse to extrinsic evidence.

2.22.5 If a tender is not substantially responsive, it will be rejected by the Procuring entity and may not subsequently be made responsive by the tenderer by correction of the non conformity.

2.23 Conversion to Single Currency

2.23.1 Where other currencies are used, the procuring entity will convert these currencies to Kenya Shillings using the selling exchange rate on the date of tender closing provided by the Central Bank of Kenya.

2.24 Evaluation and Comparison of Tenders

2.24.1 The Procuring entity will evaluate and compare the tenders which have been determined to be substantially responsive, pursuant to paragraph 2.22

2.24.2 The tender evaluation committee shall evaluate the tender within 30 days of the validity period from the date of opening the tender.

2.24.3 A tenderer who gives false information in the tender document about its qualification or who refuses to enter into a contract after notification of contract award shall be considered for debarment from participating in future public procurement.

2.25 Preference

2.25.1 Preference where allowed in the evaluation of tenders shall not exceed 15%

2.26 Contacting the Procuring entity

2.26.1 Subject to paragraph 2.21 no tenderer shall contact the Procuring entity on any matter related to its tender, from the time of the tender opening to the time the contract is awarded.

2.26.2 Any effort by a tenderer to influence the Procuring entity in its decisions on tender, evaluation, tender comparison, or contract award may result in the rejection of the Tenderer's tender.

2.27 Award of Contract

(a) **Post-qualification**

2.27.1 In the absence of pre-qualification, the Procuring entity will determine to its satisfaction whether the tenderer that is selected as having submitted the lowest evaluated responsive tender is qualified to perform the contract satisfactorily.

2.27.2 The determination will take into account the tenderer financial, technical, and production capabilities. It will be based upon an examination of the documentary evidence of the tenderers qualifications submitted by the tenderer, pursuant to paragraph 2.12.3 as well as such other information as the Procuring entity deems necessary and appropriate.

2.27.3 A positive determination will be a prerequisite for award of the contract to the tenderer. A negative determination will result in rejection of the Tenderer's tender, in which event the Procuring entity will proceed to the next lowest evaluated tender to make a similar determination of that Tenderer's capabilities to perform satisfactorily.

(b) **Award Criteria**

2.27.4 The Procuring entity will award the contract to the successful tenderer(s) whose tender has been determined to be substantially responsive and has been determined to be the lowest evaluated tender, provided further that the tenderer is determined to be qualified to perform the contract satisfactorily.

(c) **Procuring entity's Right to Vary quantities**

2.27.5 The Procuring entity reserves the right at the time of contract award to increase or decrease the quantity of goods originally specified in the Schedule of requirements without any change in unit price or other terms and conditions

(d) **Procuring entity's Right to accept or Reject any or All Tenders**

2.27.6 The Procuring entity reserves the right to accept or reject any tender, and to annul the tendering process and reject all tenders at any time prior to contract award, without thereby incurring any liability to the affected tenderer or tenderers or any obligation to inform the affected tenderer or tenderers of the grounds for the Procuring entity's action

2.28 Notification of Award

2.28.1 Prior to the expiration of the period of tender validity, the Procuring entity will notify the successful tenderer in writing that its tender has been accepted.

2.28.2 The notification of award will constitute the formation of the Contract but will have to wait until the contract is finally signed by both parties

2.28.3 Upon the successful Tenderer's furnishing of the performance security pursuant to paragraph 2.28, the Procuring entity will promptly notify each unsuccessful Tenderer and will discharge its tender security, pursuant to paragraph 2.14

2.29 Signing of Contract

2.29.1 At the same time as the Procuring entity notifies the successful tenderer that its tender has been accepted, the Procuring entity will send the tenderer the Contract Form provided in the tender documents, incorporating all agreements between the parties.

2.29.2 The parties to the contract shall have it signed within **fifteen (15) days** from the date of notification of contract award unless there is an administrative review request.

2.29.3 Within **fifteen (15) days** of receipt of the Contract Form, the successful tenderer shall sign and date the contract and return it to the Procuring entity.

2.30 Performance Security

2.30.1 Within **fifteen (15) days** of the receipt of notification of award from the Procuring entity, the successful tenderer shall furnish the performance security in accordance with the Conditions of Contract, in the Performance Security Form provided in the tender documents, or in another form acceptable to the Procuring entity.

2.30.2 Failure of the successful tenderer to comply with the requirements of paragraph 2.27 or paragraph 2.28 shall constitute sufficient grounds for the annulment of the award and forfeiture of the tender security, in which event the Procuring entity may make the award to the next lowest evaluated Candidate or call for new tenders.

2.31 Corrupt or Fraudulent Practices

2.31.1 The Procuring entity requires that tenderers observe the highest standard of ethics during the procurement process and execution of contracts when used in the present regulations, the following terms are defined as follows;

- (i) “corrupt practice” means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and
- (ii) “fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Procuring entity, and includes collusive practice among tenderer (prior to or after tender submission) designed to establish tender prices at artificial non-competitive levels and to deprive the Procuring entity of the benefits of free and open competition;

2.31.2 The procuring entity will reject a proposal for award if it determines that the tenderer recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question.

2.31.3 Further a tenderer who is found to have indulged in corrupt or fraudulent practices risks being debarred from participating in public procurement in Kenya.

Appendix to Instructions to Tenderers

The following information regarding the particulars of the tender shall complement supplement or amend the provisions of the instructions to tenderers. Wherever there is a conflict between the provision of the instructions to tenderers and the provisions of the appendix, the provisions of the appendix herein shall prevail over those of the instructions to tenderers.

INSTRUCTIONS TO TENDERERS REFERENCE	PARTICULARS OF APPENDIX TO INSTRUCTIONS TO TENDERS
2.1.1	This Invitation for Tenders is open to all Tenderers as described in the Invitation to Tender.
2.10.2	KenGen shall arrange for insurance of all imports with local underwriter against loss or damage from the point of origin to final destination.
2.14.2	The tender security shall be in the amount of Kenya Shillings Four Hundred Thousand (KShs. 400,000.00) or equivalent in a freely convertible currency.
2.18.1	<i>Tender Closing Date: 15th May 2017 at 2.00PM</i> <i>Tender Opening Date: 15th May 2017 at 2.30PM</i>
2.22.2	No correction of errors. The tender sum as submitted and read out during the tender opening shall be absolute and final and shall not be the subject of correction, adjustment or amendment in any way by any person or entity.
	<ul style="list-style-type: none"> • <i>Sequential pagination/serialization of all pages in the tender documents</i> • <i>The delivery period shall be within 3 months after the date of signing the Contract.</i>

2.24.4	<p><i>The following shall be the evaluation Criteria</i></p> <p>A) Mandatory Requirements</p> <ul style="list-style-type: none"> ➤ <i>Duly completed price schedules.</i> ➤ <i>All items in the schedule must be quoted to be considered responsive.</i> ➤ <i>Filled, signed and stamped tender form.</i> ➤ <i>Duly filled and signed complete technical schedules.</i> ➤ <i>Valid Tax Compliance Certificate issued by Kenya Revenue Authority (K.R.A).</i> ➤ <i>Evidence of certificate of Incorporation/ Registration.</i> ➤ <i>Tender Security amount of KShs. 400,000.00 or equivalent in a freely convertible currency valid at least Thirty (30) days beyond tender validity period.</i> ➤ <i>Tender validity shall be 90 days from the tender opening date.</i> <p>B) Technical Evaluation Requirements</p> <ul style="list-style-type: none"> • <i>Manufacturer’s authorization for all schedules must be provided.</i> • <i>Audited financial statements for the past two (2) years (2014-2016).</i> • <i>Financial Ratio: Quick/Acid test Ratio of 1:1</i> • <i>Compliance to the technical specifications of the tender.</i> • <i>Provide documentary evidence to prove equipment and materials offered comply with the Technical Specifications of the tender.</i> <p>C) Financial Evaluation</p> <ul style="list-style-type: none"> • <i>To determine the tenderer is substantially responsive and offered the lowest evaluated bid for each schedule.</i> • <i>Award shall be based on the total lowest evaluated bid per schedule.</i>
2.27.7	<p><i>KenGen may at its own discretion conduct due diligence on the eligible bidders to establish their ability to perform the contract.</i></p>
2.31	<p>Corrupt or Fraudulent Practices Reporting</p> <p><i>KenGen adheres to high standards of integrity in its business operations.</i></p> <p><i>Report any unethical behavior immediately to any of the provided anonymous hotline service.</i></p> <ol style="list-style-type: none"> <i>1) Call Toll Free: 0800722626</i> <i>2) Free-Fax: 00800 007788</i> <i>3) Email: kengen@tip-offs.com</i> <i>4) Website : www.tip-offs.com</i>

SECTION III:
GENERAL CONDITIONS OF CONTRACT

Table of Clauses

- 3.1 Definitions
- 3.2 Application
- 3.3 Country of Origin
- 3.4 Standards
- 3.5 Use of Contract documents and information
- 3.6 Patent Rights
- 3.7 Performance security
- 3.8 Inspection and Tests
- 3.9 Packing
- 3.10 Delivery and documents
- 3.11 Insurance
- 3.12 Payment
- 3.13 Price
- 3.14 Assignments
- 3.15 Sub contracts
- 3.16 Termination for default
- 3.17 Liquidated damages
- 3.18 Resolution of Disputes
- 3.19 Language and law
- 3.20 Force Majeure
- 3.21 Taxes

3.1 Definitions

3.1.1 In this Contract, the following terms shall be interpreted as indicated:-

- (a) “The Contract” means the agreement entered into between the Procuring entity and the tenderer, as recorded in the Contract Form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
- (b) “The Contract Price” means the price payable to the tenderer under the Contract for the full and proper performance of its contractual obligations
- (c) “The Goods” means all of the equipment, machinery, and/or other materials, which the tenderer is required to supply to the Procuring entity under the Contract.
- (d) “The Procuring entity” means the organization purchasing the Goods under this Contract.
- (e) “The Tenderer” means the individual or firm supplying the Goods under this Contract.

3.2 Application

3.2.1 These General Conditions shall apply in all Contracts made by the Procuring entity for the procurement installation and commissioning of equipment

3.3 Country of Origin

3.3.1 For purposes of this clause, “Origin” means the place where the Goods were mined, grown or produced.

3.3.2 The origin of Goods and Services is distinct from the nationality of the tenderer.

3.4 Standards

3.4.1 The Goods supplied under this Contract shall conform to the standards mentioned in the Technical Specifications.

3.5 Use of Contract Documents and Information

- 3.5.1 The tenderer shall not, without the Procuring entity's prior written consent, disclose the Contract, or any provision therefore, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the Procuring entity in connection therewith, to any person other than a person employed by the tenderer in the performance of the Contract.
- 3.5.2 The tenderer shall not, without the Procuring entity's prior written consent, make use of any document or information enumerated in paragraph 3.5.1 above
- 3.5.3 Any document, other than the Contract itself, enumerated in paragraph 3.5.1 shall remain the property of the Procuring entity and shall be returned (all copies) to the Procuring entity on completion of the Tenderer's performance under the Contract if so required by the Procuring entity

3.6 Patent Rights

- 3.6.1 The tenderer shall indemnify the Procuring entity against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the Goods or any part thereof in the Procuring entity's country

3.7 Performance Security

- 3.7.1 Within **fifteen (15) days** of receipt of the notification of Contract award, the successful tenderer shall furnish to the Procuring entity the performance security in the amount specified in Special Conditions of Contract.
- 3.7.2 The proceeds of the performance security shall be payable to the Procuring entity as compensation for any loss resulting from the Tenderer's failure to complete its obligations under the Contract.
- 3.7.3 The performance security shall be denominated in the currency of the Contract, or in a freely convertible currency acceptable to the Procuring entity and shall be in the form of a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in Kenya or abroad, acceptable to the Procuring entity, in the form provided in the tender documents.
- 3.7.4 The performance security will be discharged by the Procuring entity and returned to the Candidate not later than thirty (30) days following the date

of completion of the Tenderer's performance obligations under the Contract, including any warranty obligations, under the Contract

3.8 Inspection and Tests

3.8.1 The Procuring entity or its representative shall have the right to inspect and/or to test the goods to confirm their conformity to the Contract specifications. The Procuring entity shall notify the tenderer in writing in a timely manner, of the identity of any representatives retained for these purposes.

3.8.2 The inspections and tests may be conducted in the premises of the tenderer or its subcontractor(s), at point of delivery, and/or at the Goods' final destination. If conducted on the premises of the tenderer or its subcontractor(s), all reasonable facilities and assistance, including access to drawings and production data, shall be furnished to the inspectors at no charge to the Procuring entity.

3.8.3 Should any inspected or tested goods fail to conform to the Specifications, the Procuring entity may reject the equipment, and the tenderer shall either replace the rejected equipment or make alterations necessary to make specification requirements free of costs to the Procuring entity.

3.8.4 The Procuring entity's right to inspect, test and where necessary, reject the goods after the Goods' arrival shall in no way be limited or waived by reason of the equipment having previously been inspected, tested and passed by the Procuring entity or its representative prior to the equipment delivery.

3.8.5 Nothing in paragraph 3.8 shall in any way release the tenderer from any warranty or other obligations under this Contract.

3.9 Packing

3.9.1 The tenderer shall provide such packing of the Goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the Contract.

3.9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the Contract

3.10 Delivery and Documents

3.10.1 Delivery of the Goods shall be made by the tenderer in accordance with the terms specified by Procuring entity in its Schedule of Requirements and the Special Conditions of Contract

3.11 Insurance

3.11.1 The Goods supplied under the Contract shall be fully insured against loss or damage incidental to manufacturer or acquisition, transportation, storage, and delivery in the manner specified in the Special conditions of contract.

3.12 Payment

3.12.1 The method and conditions of payment to be made to the tenderer under this Contract shall be specified in Special Conditions of Contract

3.12.2 Payments shall be made promptly by the Procuring entity as specified in the contract

3.13 Prices

3.13.1 Prices charged by the tenderer for goods delivered and services performed under the Contract shall not, with the exception of any price adjustments authorized in Special Conditions of Contract, vary from the prices by the tenderer in its tender.

3.13.2 Contract price variations shall not be allowed for contracts not exceeding one year (12 months)

3.13.3 Where contract price variation is allowed, the variation shall not exceed 25% of the original contract price.

3.13.4 Price variation request shall be processed by the procuring entity within 30 days of receiving the request.

3.14. Assignment

3.14.1 The tenderer shall not assign, in whole or in part, its obligations to perform under this Contract, except with the Procuring entity's prior written consent

3.15 Subcontracts

3.15.1 The tenderer shall notify the Procuring entity in writing of all subcontracts awarded under this Contract if not already specified in the tender. Such notification, in the original tender or later, shall not relieve the tenderer from any liability or obligation under the Contract

3.16 Termination for default

3.16.1 The Procuring entity may, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the tenderer, terminate this Contract in whole or in part

- (a) if the tenderer fails to deliver any or all of the goods within the period(s) specified in the Contract, or within any extension thereof granted by the Procuring entity
- (b) if the tenderer fails to perform any other obligation(s) under the Contract
- (c) if the tenderer, in the judgment of the Procuring entity has engaged in corrupt or fraudulent practices in competing for or in executing the Contract

3.16.2 In the event the Procuring entity terminates the Contract in whole or in part, it may procure, upon such terms and in such manner as it deems appropriate, equipment similar to those undelivered, and the tenderer shall be liable to the Procuring entity for any excess costs for such similar goods.

3.17 Liquidated Damages

3.17.1. If the tenderer fails to deliver any or all of the goods within the period(s) specified in the contract, the procuring entity shall, without prejudice to its other remedies under the contract, deduct from the contract prices liquidated damages sum equivalent to 0.5% of the delivered price of the delayed items up to a maximum deduction of 10% of the delayed goods. After this the tenderer may consider termination of the contract.

3.18 Resolution of Disputes

3.18.1 The procuring entity and the tenderer shall make every effort to resolve amicably by direct informal negotiation and disagreement or dispute arising between them under or in connection with the contract

3.18.2 If, after thirty (30) days from the commencement of such informal negotiations both parties have been unable to resolve amicably a contract dispute, either party may require adjudication in an agreed national or international forum, and/or international arbitration.

3.19 Language and Law

3.19.1 The language of the contract and the law governing the contract shall be English language and the Laws of Kenya respectively unless otherwise stated.

3.20 Force Majeure

3.20.1 The tenderer shall not be liable for forfeiture of its performance security or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.

3.21 Taxes

3.21.1 "Taxes" means all present and future taxes, levies, duties, charges, assessments, deductions or withholdings whatsoever, including any interest thereon, and any penalties and fines with respect thereto, wherever imposed, levied, collected, or withheld pursuant to any regulation having the force of law and "Taxation" shall be construed accordingly.

3.21.2 Local Taxation

Nothing in the Contract shall relieve the Contractor and/or his Sub-Contractors from their responsibility to pay any taxes, statutory contributions and levies that may be levied on them in Kenya in respect of the Contract. The Contract Price shall include all applicable taxes and shall not be adjusted for any of these taxes.

3.21.3 The Contractor shall be deemed to be familiar with the tax laws in

the Employer's Country and satisfied themselves with the requirements for all taxes, statutory contributions and duties to which they may be subjected during the term of the Contract.

3.21.4 In instances where discussions are held between the Employer and the Contractor regarding tax matters, this shall not be deemed to constitute competent advice and hence does not absolve the Contractor of their responsibility in relation to due diligence on the tax issue as per 3.21.2 above.

Tax Deduction

3.21.5 If the Employer is required to make a tax deduction by Law, then the deduction shall be made from payments due to the Contractor and paid directly to the Kenya Revenue Authority. The Employer shall upon remitting the tax to Kenya Revenue Authority furnish the Contractor with the relevant tax deduction certificates.

3.21.6 Where the Contractor is paid directly by the Financiers and the Employer is not able to deduct tax, then the Contractor will be required to pay the tax deduction to Kenya Revenue Authority in the name of the Employer and furnish the Employer with an original receipt thereof as evidence of such payment. In absence of the said evidence, the Employer will not process any subsequent payments to the Contractor.

Tax Indemnity

3.21.7 The Contractor shall indemnify and hold the Employer harmless from and against any and all liabilities, which the Employer may incur for any reason of failure by the Contractor to comply with any tax laws arising from the execution of the Contract whether during the term of the Contract or after its expiry.

3.21.8 The Contractor warrants to pay the Employer (within fourteen (14) days of demand by the Employer), an amount equal to the loss, liability or cost which the Employer determines has been (directly or indirectly) suffered by the Employer for or on account of the

Contractor's Tax liability arising from the Contract.

3.21.9 Where the amount in 3.21.8 above remains unpaid after the end of the fourteen (14) days moratorium, the Employer shall be entitled to compensation for financing charges.

SECTION IV

SPECIAL CONDITIONS OF CONTRACT

- 4.1. Special Conditions of Contract shall supplement the General Conditions of Contract. Whenever there is a conflict, between the GCC and the SCC, the provisions of the SCC herein shall prevail over these in the GCC.
42. Special conditions of contract as relates to the GCC.

REFERENCE OF GCC	SPECIAL CONDITIONS OF CONTRACT
3.7.1	<i>Performance security The performance security shall be in the amount of 10% of the Contract Price.</i>
3.8	<p>Inspection and tests</p> <ul style="list-style-type: none"> • All consignments subject to Pre-Export Verification of Conformity (PVoC) to Standards Programme must obtain a Certificate of Conformity (CoC) issued by PVoC Country Offices Prior to shipment. The Certificate is a mandatory Customs Clearance document in Kenya; Consignments arriving at Kenyan Ports without this document will be denied entry into the Country. Since PVoC is a conformity assessment process to verify that products imported to Kenya are in compliance with the applicable Kenya standards or approved equivalents, regulations and technical requirements before shipment, it is the sole responsibility of the supplier (i.e. exporter) to demonstrate the same and hence meet any associated costs of verification.
3.8.5	<i>The supplier shall be required to expressly confirm that the goods supplied shall be under at least 12 months warranty.</i>
3.10.1	<p>Delivery period</p> <ul style="list-style-type: none"> • The Goods shall be delivered within 3 months from the date of contract award i.e. date of receipt of official order or signed contract.
3.11.1	KenGen shall arrange for insurance of all imports with local underwriter against loss or damage from the point of origin to final destination.
3.12.1	<p>Payment Terms and Conditions</p> <p>KenGen's payment terms are 30 days upon receipt of certified invoices and delivery notes confirming that the invoiced material has been delivered and is in accordance with the contract.</p>

	Payment shall be made through KenGen's cheque or telegraphic transfer for the amount of contract. The terms shall be strictly Delivered and Duty Paid (DDP) to Olkaria.
3.13.1	Prices <ul style="list-style-type: none"> • Prices shall be fixed during the Supplier's performance of the Contract and not subject to variation on any account.
3.18.2	<i>Arbitration where necessary shall be by the Chartered Institute of Arbitrators Kenya Chapter or other International body.</i>

SECTION V

TECHNICAL SPECIFICATIONS

5.1 PARTICULARS

SCHEDULE- A: MULTI-PROCESS WELDING MACHINE WITH A GENERATOR

- (i) This specification covers the supply, testing, and commissioning a brand new Multi Process Welding Machine with a Generator and a Compressor together with accessories as specified herein.
- (ii) The equipment shall be mounted on a trailer for off-road towing and field use.
- (iii) The equipment shall be suitable for operation in a tropical saline environment. It shall include all equipment necessary to start and a control panel to monitor parameters such as running hours, voltage, processes etc.
- (iv) The equipment offered should have been successfully type tested and the design should have been in satisfactory operation for a period not less than three years as on the date of bid opening. Compliance shall be demonstrated by submitting with the bid,
- (v) Authenticated copies of the type test certificates and their reports and Sample Copies of Routine Test Certificates
- (vi) The Trailer Mounted Multi Process Welding Machine with Generator and Compressor shall conform in all respects to the highest standards of engineering, design, workmanship, this specification and the latest revisions of relevant standards at the time of offer and KenGen shall have the power to reject any work or material, which, in their judgement, is not in full accordance therewith.
- (vii) The Bidder shall quote for the following equipment and services:
 - a) Trailer Mounted Multi process Welding machine with a generator and Compressor set as specified
 - b) Tools required for commissioning and proper maintenance of equipment. (Bidder to furnish list along with offer)
 - c) Spare parts for initial 3 services of operation.

Note: Manufacturer's Authorization must be provided if the tenderer is not a manufacturer.

SCHEDULE B : TRAILER MOUNTED ROTARY SCREW COMPRESSOR

- (i) This specification covers the supply, testing, and commissioning a brand new compressor mounted on a trailer together with accessories as specified herein.
- (ii) The compressor shall be suitable for standby operation in a tropical saline environment. It shall include all equipment necessary to start and a control panel to monitor parameters such as running hours, pressure, dew point, loaded hours etc.
- (iii) The equipment offered should have been successfully type tested and the design should have been in satisfactory operation for a period not less than three years as on the date of bid opening. Compliance shall be demonstrated by submitting with the bid.
- (iv) Authenticated copies of the type test certificates and their reports and Sample Copies of Routine Test Certificates.
- (v) The Trailer Mounted Compressor shall conform in all respects to the highest standards of engineering, design, workmanship, this specification and the latest revisions of relevant standards at the time of offer and KenGen shall have the power to reject any work or material, which, in their judgement, is not in full accordance therewith.
- (vi) The Bidder shall quote for the following equipment and services:
 - a) Trailer Mounted Compressor set as specified
 - b) Tools required for commissioning and proper maintenance of equipment. (Bidder to furnish list along with offer)
 - c) Spare parts for initial 3 services of operation.

Note: Manufacturer's Authorization must be provided if the tenderer is not a manufacturer.

SCHEDULE C & D: DIESEL GENERATORS

- (i) This specification covers the supply, testing, and commissioning of two brand new tropicalized canopied 3-phase, 4-wire, 415/240 Volt, 50 Hz, 250 kVA Standby and 500kVA Prime automatic diesel generating sets mounted on a common skid base complete with automatic changeover systems (AMF panel), switch board /Load distribution panel, fuel tank, all accessories and fittings and as specified hereinafter at Olkaria Geothermal Field in Naivasha.
- (ii) The generating sets shall be suitable for standby operation in a tropical saline environment. It shall include all equipment necessary to start automatically and to isolate when necessary. Such equipment should include circuit breakers. A control panel should include all digital instruments to monitor parameters such as:

- (a) System voltages (L-L & L-N)
 - (b) Phase current - 3 phases
 - (c) Frequency
 - (d) Power (kW, kVAr & kVA), power factor
 - (e) kWh produced
 - (f) Operating hours
 - (g) Generator rpm
 - (h) Temperature and pressure for both coolant & lubricant
- (iii) The control panel should also include warning indication (audible & visual) for alarm and shutdown conditions, such as : Low Oil Pressure, High Coolant Temperature, Over Speed and Over Crank, as well as controls for:
- (a) Run/Auto/Stop
 - (b) Voltage adjustment
 - (c) Emergency stop
- (iv) The equipment offered should have been successfully type tested and the design should have been in satisfactory operation for a period not less than three years as on the date of bid opening. Compliance shall be demonstrated by submitting with the bid.
- (v) authenticated copies of the type test certificates and their reports and Sample Copies of Routine Test Certificates.
- (vi) The Generating Sets shall conform in all respects to the highest standards of engineering, design, workmanship, this specification and the latest revisions of relevant standards at the time of offer and KenGen shall have the power to reject any work or material, which, in their judgement, is not in full accordance therewith.
- (vii) The Bidder shall quote for the following equipment and services:
- (a) Generating sets as specified
 - (b) Tools required for commissioning and proper maintenance of equipment. (Bidder to furnish list along with offer)
 - (c) Spare parts for initial 2 years of operation.

Note: Manufacturer's Authorization must be provided if the tenderer is not a manufacturer.

SCHEDULE E: SKID MOUNTED PORTABLE CENTRIFUGE

1. The equipment offered should have been successfully type tested and the design should have been in satisfactory operation for a period not less than three years as on the date of bid opening. Compliance shall be demonstrated by submitting with the bid,
2. The equipment shall conform in all respects to the highest standards of engineering, design, workmanship, this specification and the latest revisions of relevant

standards at the time of offer and KenGen shall have the power to reject any work or material, which, in their judgment, is not in full accordance therewith.

3. Test and calibration certificates must be supplied during delivery.
4. Manufacturer's Authorization must be provided if the tenderer is not a manufacturer.

SCHEDULE OF REQUIREMENTS

SCHEDULE A : MULTI-PROCESS WELDING MACHINE WITH A GENERATOR

Multi Process Welder Specifications		
No	Specification	Requirement
1	Welding Processes capability	<p>Stick (SMAW - Shielded Metal Arc Welding). Should be supplied with the manufacturers recommended accessories. Specify the accessories to be supplied in your quote.</p> <p>MIG (GMAW - Gas Metal Arc Welding) - Should be supplied with the manufacturers recommended accessories. Specify the accessories to be supplied in your quote.</p> <p>Flux Cored Arc Welding – FCAW. Should be supplied with the manufacturers recommended accessories. Specify the accessories to be supplied in your quote.</p> <p>DC TIG (GTAW - Gas Tungsten Arc Welding) Should be supplied with the manufacturers recommended accessories. Specify the accessories to be supplied in your quote.</p> <p>SAW (Submerged Arc Welding) –Should be supplied with the manufacturers recommended accessories. Specify the accessories to be supplied in your quote.</p> <p>Air Carbon Arc – CAC-A. Should be supplied with the manufacturers recommended accessories. Specify the accessories to be supplied in your quote.</p> <p>Plasma cutting. To cut steel up to 5/8 inches. Should come with a circle cutting guide. Should be supplied with other manufacturers recommended accessories. Specify the accessories to be supplied in your quote.</p>
2	Control Knobs	Should have a controller knob to easily select the different functionalities as required.
3	Display unit	Should have a clear display unit with capacity to display various parameters like oil and fuel levels, engine hours and instantaneous running parameters.
4	Prime Mover engine specifications	<p>Four cylinder turbo charged diesel engine. The engine should be of latest design and meet latest NEMA and IEC requirements.</p> <p>Cooling system – liquid cooled</p> <p>Fuel tank capacity – at least 90L</p> <p>Maximum idling engine speed 1400 RPM</p> <p>Minimum Engine Power – 65HP</p> <p>Maximum fuel consumption at full load (with compressor) – less than 15 liters per hour</p>
Generator Output Specifications		
5	Single phase output	At least 14.5Kw peak and at least 11.75Kw continuous at 240V

6	3 phase output	At least 26.5kw peak and at least 19.5kw continuous at 415V
7	Frequency	50Hz
8	Plugs and receptacles	Single phase 240V 13A UK Mains Plug female receptacle – 1 piece Single phase 240V, 16A International Plug. One end male one end female with 10M cable – 2 pieces Three phase 415V, 32A International Plug. One end male one end female with 10M cable – 2 pieces
9	Cable Holder	Suitable to hold up to 200ft of cable
Air Compressor Output Specifications		
10	Construction	Rotary screw compressor
11	Free Air delivery (Maximum)	28.3 L/s at 7 bar
12	Air dryer system	Inline mounted air drying system that eliminates moisture in the air.
Trailer Specifications		
13	Construction	Stiff welded rectangular steel frame. Steerable off road trailer
14	No of wheels	4
15	Coating	Powder coat painted
16	Hitch	Typical industrial hitch with a lunette eye.
17	Road Clearance	At least 8 inches
Other Accessories/requirements		
18	Spare parts	Spare parts for the initial 2 minor services of operation and 1 major service of operation
19	Extra cables	<ul style="list-style-type: none"> – Two electrode cables of at least 50ft length. – One electrode cable of at least 10ft length – Cable connectors – 400A electrode holder – 500A Work Clamp – Power plug kit consisting of full KVA- 1 Phase and 3Phase plug(s)
20	Manuals	Operation, Maintenance and parts manual, either in hardcopy or soft copy
	Training	Onsite training must be offered for the machine on use of all the processes

SCHEDULE B : TRAILER MOUNTED ROTARY SCREW COMPRESSOR

Compressor Specifications		
No	Specification	Requirement
1	Construction	Oil injected rotary screw
		Inline air dryer system to dry the air to Industrial tools standards
2	Mounting	Tank mounted on a 500L tank
		Should be covered with a outdoor canopy for operation in hot and dusty environments
3	HMI unit	Should have a clear display unit with capacity to display various parameters like engine hours and instantaneous running parameters. A keypad to input and check parameters should be included.
4	Prime Mover specifications	High efficiency IE3/NEMA class 1 motor
5	Air outlet manifold	A Multiport air outlet manifold with the following ports. ¼”, 3/8”, 1/2” and 1”. Each should be equipped with a separate gate valve and quick disconnect industrial couplers with hose barb plug included.
6	Working parameters	Working pressure 8.3 bar
		Minimum flow rate at 8.3 bar – NOT LESS THAN 43 L/S
		Sound level @1M distance – less than 67dB
Trailer Specifications		
7	Construction	Stiff welded rectangular steel frame. Steerable off road trailer
8	No of wheels	4
9	Base	4mm chequered plate well supported with rectangular frame work
10	Coating	Powder coat painted
11	Hitch	Typical industrial hitch with a lunette eye.
12	Ground Clearance	At least 10 inches
Other Accessories/requirements		
13	Hose pipe	30M of 1” diameter in size wire reinforced rubber hoses, complete with fittings where the hose is in pieces.
14	Manuals	Operation, Maintenance and parts manual, either in hardcopy or soft copy
15	Service Kits	Manufacturers recommended service kits as per manufacturers recommendation to take care of the first two (2) minor services and one (1) major service of the compressor.

SCHEDULE C : 250KVA STANDBY GENERATOR

Alternator		
No	Specification	Requirement
1	Generator set model	3 phase generator
2	Generator rating	At least 250 kVA on Standby mode at 0.8 power factor
3	Electrical Output parameters	415V at 50Hz frequency
4	Ingress Protection rating	At least IP23
5	Voltage Regulation	AVR
Engine Characteristics		
6	Engine Type	Turbo charged Diesel Engine
7	Fuel tank capacity	At least 350L
8	Engine Electrical System	24V Negative ground
9	Cooling method	Liquid cooled
10	Noise Level	Less than 70dB @7m distance (55dB @10M after silencing)
11	Governor Type	Electronic Governor with high precision
12	Fuel consumption at 100% Load	Less than 50L/hour
Interface		
13	HMI	Display with ability to display various parameters like Volts, Amps, Frequency, Hour Meter, Battery Voltage, Fuel Level etc. Should be equipped with a keypad to easily interact with the control module. The control system should be programmed to give various alarms when the normal operating parameters are exceeded.
14	Electrical Panel Ingress Protection	IP44
15	Starting System	ON-OFF key switch or button
16	Protection System	Should be installed with protection fuses and an emergency stop button
17	Output terminals	Should have adequate terminals for 3-phase tapping and single phase tapping with adequate protection
Canopy		
18	Construction	Skid mounted weather proof canopy painted with epoxy coating for corrosion resistance. Should have 4 lifting hooks
19	Noise reduction	Acoustic material for super silencing that is fire resistant. Indicate the sound level @10M of your brand after silencing.
20	Access	Enough access through lockable doors that eases access of parts for maintenance
21	Total Weight	Total weight of assembled genset should be less than 3000kg
Automatic Transfer Switch and Accessories		

22	Type	Automatic Transfer switch suited to the generator, with an optional manual override lever.
23	Manuals	Operation, Maintenance and parts manual, either in hardcopy or soft copy
24	Training and Commissioning	Onsite training must be offered for the machine on use of all the processes. Commissioning will be done on site for a period of not less than 120hours by the supplier. Diesel fuel will be provided by the client.
Mandatory Spare Parts		
1.	<i>Fan belt</i>	2
2.	<i>Alternator belt</i>	2
3.	<i>Air filters</i>	5
4.	<i>Thermostat</i>	1
5.	<i>Oil filter</i>	10
6.	<i>Fuel filter (primary)</i>	10
7.	<i>Fuel filter (secondary) if applicable.</i>	10
8.	<i>Engine Oil (litres)</i>	210
9.	<i>Battery Water (litres)</i>	5
10.	<i>Engine additive (litres)</i>	10
11.	<i>Diodes set</i>	3
12.	<i>AVR</i>	2
13.	<i>Injectors</i>	6

SCHEDULE D: 500KVA PRIME GENERATOR

Alternator		
No	Specification	Requirement
1	Generator set model	3 phase generator
2	Generator rating	At least 500 kVA on Prime mode at 0.8 power factor
3	Electrical Output parameters	415V at 50Hz frequency
4	Ingress Protection rating	At least IP23

5	Voltage Regulation	AVR
Engine Characteristics		
6	Engine Type	Turbo charged Diesel Engine
7	Fuel tank capacity	At least 500L
8	Engine Electrical System	24V Negative ground
9	Cooling method	Liquid cooled
10	Noise Level	Less than 70dB @7m distance (55dB @10M after silencing)
11	Governor Type	Electronic Governor with high precision
12	Fuel consumption at 100% Load	Less than 105L/hour
Interface		
13	HMI	Display with ability to display various parameters like Volts, Amps, Frequency, Hour Meter, Battery Voltage, Fuel Level etc. Should be equipped with a keypad to easily interact with the control module. The control system should be programmed to give various alarms when the normal operating parameters are exceeded.
14	Electrical Panel Ingress Protection	IP44
15	Starting System	ON-OFF key switch or button
16	Protection System	Should be installed with protection fuses and an emergency stop button
17	Output terminals	Should have adequate terminals for 3-phase tapping and single phase tapping with adequate protection
Canopy		
18	Construction	Skid mounted weather proof canopy painted with epoxy coating for corrosion resistance. Should have 4 lifting hooks
19	Noise reduction	Acoustic material for super silencing that is fire resistant. Indicate the sound level @10M of your brand after silencing.
20	Access	Enough access through lockable doors that eases access of parts for maintenance
21	Total Weight	Total weight of assembled genset should be less than 5700kg
Automatic Transfer Switch and Accessories		
22	Type	Automatic Transfer switch suited to the generator, with an optional manual override lever.
23	Manuals	Operation, Maintenance and parts manual, either in hardcopy or soft copy
24	Training	Onsite training must be offered for the machine on use of all the processes. Commissioning will be done on site for a period of not less than 120hours by the supplier. Diesel fuel will be provided by the client.
Mandatory Spare Parts		
1.	<i>Fan belt</i>	2

2.	<i>Alternator belt</i>	2
3.	<i>Air filters</i>	5
4.	<i>Thermostat</i>	1
5.	<i>Oil filter</i>	10
6.	<i>Fuel filter (primary)</i>	10
7.	<i>Fuel filter (secondary) if applicable.</i>	10
8.	<i>Engine Oil (litres)</i>	210
9.	<i>Battery Water (litres)</i>	5
10.	<i>Engine additive (litres)</i>	10
11.	<i>Diodes set</i>	3
12.	<i>AVR</i>	2
13.	<i>Injectors</i>	6

SCHEDULE E: SKID MOUNTED PORTABLE OIL CENTRIFUGE

No.	REQUIRED SPECIFICATIONS	SUPPLIER'S OFFER	
		Brand, Model Country Of Origin & Page Of Catalogue Where Applicable	Detailed specification
1	<p>A skid mounted portable oil centrifuge as per the following specs;</p> <ul style="list-style-type: none"> • Separation principle=Centrifugal • Capacity \geq 2000 litres/hour • Hydraulic output \geq 2 tonnes/hour • Portability=Total weight of pump, motor and control system should not exceed 180kg and the major dimensions should not exceed 1.0m • It should handle turbine oil media of variant viscosities • Power consumption should not exceed 2kW at maximum capacity • It should be supplied complete with a control system and single phase or three phase power supply. • Mandatory spares to be used for standard and scheduled maintenance in the initial 2 years of operation.
