

KENYA ELECTRICITY GENERATING COMPANY PLC.

KGN-SONDU-06-2018.

TENDER FOR SUPPLY AND DELIVERY OF 4 TONS FORKLIFT TRUCK FOR SONDU MIRIU POWER STATION.

Date: 16th October, 2018

CLARIFICATION No. 2

In accordance with the **Tender for Supply of 4 Tons Forklift for Sondu**, KenGen hereby issues **Clarification No. 2.**

No.	BIDDER'S QUESTION	KENGEN'S RESPONSE
1.	we refer to the above mentioned tender and would like to clarify the specification of the cabin: Is it correct that an open cabin consisting of a steel frame with an overhead guard is required, not a semi cabin (with windscreen in the front, roof and back window) nor a full cabin (semi cabin plus doors)?	Supply as per Specification in the document.
2	Furthermore, we have a question related to the tender process: We will possibly offer two different forklift truck types with different pricing: shall we upload two full sets of documents (tender document and all attachments), one set per type, and name the documents as offer of type 1 and type 2? Or is there a different procedure?	Give as option 1 and 2
3	In addition to the email below, please also confirm that the two spare wheels required consist of one front wheel and one rear wheel. If this is not correct kindly specify the requirement in detail.	spares are one for rear and one for front

ACKNOWLEDGEMENT OF CLARIFICATION No.2

We, the undersigned hereby certify that the clarification is an integral part of the document and the alterations set out in the clarification have been incorporated in the tender proposal.

Signed.....
