

TENDER NO. KGN-HYD-021-2017

DATE: 31/08/2017

KENYA ELECTRICITY GENERATING COMPANY

TENDER FOR ROBOTIC UNDERWATER TAILRACE TUNNEL INSPECTION IN KAMBURU, GITARU AND KIAMBERE POWER STATIONS

CLARIFICATION No. 4

Tender for Robotic Underwater Tailrace Tunnel Inspection in Kamburu, Gitaru and Kiambere Power Stations, KenGen hereby issues Clarification No.4

	Question	KenGen Reply
1	Page 70 – 9.11 – Particular Experience Record of the Firm refers to using Form 3A, however, <u>Form 3A is not identified in the RFP</u> . Is Form 9.12 on page 71 the table you are referring to?	Form 9.12 is the correct form.
2	Page 73 – Form 9.13 – Key Personnel Capabilities – refers to “each position set out in clause 8.3.1 Personnel Capabilities”. <u>We cannot find clause 8.3.1 in the Instructions to Tender</u> – can you please clarify what clause you are referring to?	Refer to page 33 and 34- Technical Evaluation Criteria. The tender specifies requirements for project Manager. The bidder can list other key staff relevant to the tender
3	Page 73 – Form 9.13 – Key Personnel Capabilities – we suggest <u>this list isn't appropriate for this project</u> and appears to be more aligned with a construction contract. Example: the position of Commissioning Engineer. Can alternate team specific positions be provided specific to ROV personnel which is explicit in the Tender name "Robotic Underwater Tunnel Inspection...”?	Refer to page 33 and 34- Technical Evaluation Criteria. The tender specifies qualification of project Manager. The bidder can include CVs of other key staff relevant to the tender <i>(Bidders are advised to disregard the Key Personnel Capabilities that was initially outlined in the tender document page 73 and incorporate the revised (attached below)</i>

ACKNOWLEDGEMENT OF CLARIFICATION NO.4

We, the undersigned hereby certify that the clarification is an integral part of the document and the alterations set out in Clarification have been incorporated in the tender proposal.

Signed
